

GGX Gold Corp. Announces DTC Eligibility

28.08.2018 | [FSCwire](#)

Vancouver, British Columbia (FSCwire) - [GGX Gold Corp.](#) (TSX.V: GGX) (OTCQB: GGXXF) (the "Company" or "GGX") announces its common shares trading on the American OTCQB Venture market are now deemed DTC eligible by the Depository Trust Company ("DTC"). The company's OTCQB symbol is GGXXF.

The DTC is a subsidiary of the Depository Trust & Clearing Corp. and manages the electronic clearing and settlement of publicly traded companies. Securities that are eligible to be electronically cleared and settled through the DTC are considered DTC eligible. This electronic method of clearing securities speeds up the receipt of stock and cash, and thus accelerates the settlement process for investors and brokers, enabling the stock to be traded over a much wider selection of brokerage firms by coming into compliance with their requirements.

Being DTC eligible is expected to greatly simplify the process of trading and exchange of the company's common stock on the OTC marketplace in the United States.

"We are pleased to have obtained DTC eligibility," said Barry Brown, president and chief executive officer. "DTC eligibility simplifies the process of trading and transferring GGX's shares between brokerages in the United States and reduces the costs incurred in trading shares. With our shares now DTC eligible, we expect this to lead to greater liquidity and as well as our shares being accessible to an even broader range of investors."

Forward Looking Statement

This News Release may contain forward-looking statements including but not limited to comments regarding the acquisition of certain mineral claims. Forward-looking statements address future events and conditions and therefore involve inherent risks and uncertainties. Actual results may differ materially from those currently anticipated in such statements and Revolver undertakes no obligation to update such statements, except as required by law.

Forward-looking statements are based on the then-current expectations, beliefs, assumptions, estimates and

forecasts about the business and the industry and markets in which the Company operates, including that: the current price of and demand for minerals being targeted by the Company will be sustained or will improve; the Company will be able to obtain required exploration licences and other permits; general business and economic conditions will not change in a material adverse manner; financing will be available if and when needed on reasonable terms; the Company will not experience any material accident; and the Company will be able to identify and acquire additional mineral interests on reasonable terms or at all. Forward-looking statements are not guarantees of future performance and involve risks, uncertainties and assumptions which are difficult to predict. Investors are cautioned that all forward-looking statements involve risks and uncertainties, including: that resource exploration and development is a speculative business; that environmental laws and regulations may become more onerous; that the Company may not be able to raise additional funds when necessary; fluctuations in currency exchange rates; fluctuating prices of commodities; operating hazards and risks; competition; potential inability to find suitable acquisition opportunities and/or complete the same; and other risks and uncertainties listed in the Company's public filings. These risks, as well as others, could cause actual results and events to vary significantly. Accordingly, readers should not place undue reliance on forward-looking statements and information, which are qualified in their entirety by this cautionary statement. There can be no assurance that forward-looking information, or the material factors or assumptions used to develop such forward looking information, will prove to be accurate. The Company does not undertake any obligations to release publicly any revisions for updating any voluntary forward-looking statements, except as required by applicable securities law.
