

Perisson Engages EdgeMark Capital and Advisory Services and Zelos Capital

04.09.2018 | [FSCwire](#)

Calgary, Alberta (FSCwire) - [Perisson Petroleum Corp.](#) (TSXV: POG) is pleased to announce that EdgeMark Capital and Advisory Services Inc. and Zelos Capital Ltd., Calgary-based strategic advisory firms, have executed an advisory services agreement focused in North America. The agreement expands Perisson's resources to enable the full execution of its growth plans to become an integrated global oil and gas company.

The EdgeMark and Zelos relationship will provide merger and acquisition opportunities in order for the Company to develop a strategic corporate value chain in North America and globally with its worldwide partner Oil & Gas Engineering Co Ltd of CNOC Geo-Mining Shaanxi.

With the addition of EdgeMark and Zelos, the Company can expand its focus on mergers, joint ventures, farm-ins, acquisitions of certain oil and gas assets and infrastructure assets or businesses, as well as arranging marketing and transportation of petroleum products and LNG. These activities will compliment the Company's existing activities in Colombia, our oil and gas acquisition in Kazakhstan and the proposed acquisition of the Xinquan Refinery and tank storage in China.

EdgeMark and Zelos are delighted to have the opportunity to advise and collaborate with the Perisson team as they prepare to grow their company in several strategic directions. The time is absolutely right to put more capital to work in the market as it continues to recover over the next 12-18 months.

The Company continues to look for suitable oil and gas acquisitions, including farm-out candidates and associated infrastructure, to leverage the Company's access to drilling capital, equipment and expertise as well as our recent announced funding activities. We look forward to developing mutually beneficial partnerships with North American oil and gas companies with asset rich prospects requiring significant development capital.
