"We are pleased to have a gold investor such as Eric Sprott as one of our large shareholders. Proceeds of the Offering will be used for general corporate purposes.

As of the date hereof, after giving effect to this acquisition of Units, Mr. Sprott beneficially owns and controls 33,333,334 Common Shares and 16,666,667 Warrants of Wallbridge, representing approximately 9.4% of the issued and outstanding Common Shares on a non-diluted basis, and approximately 13.4% on a partially diluted basis. About Wallbridge Mining

Wallbridge is establishing a pipeline of projects that will support sustainable production and revenue as well as organic growth through exploration and scalability.

Wallbridge is currently developing its 100%-owned high-grade Fenelon Gold property in Quebec with ongoing exploration and a bulk sample in 2018. Wallbridge is also pursuing other additional advanced-stage projects which would add to the Company's near term project pipeline. These discussions benefit from the

operating capabilities Wallbridge demonstrated by safely and efficiently mining the Broken Hammer deposit in Sudbury, which was completed in October 2015. Wallbridge is also continuing partner-funded exploration on its large portfolio of nickel, copper, and PGM projects in Sudbury, Ontario, with a focus on its high-grade Parkin project.

Wallbridge also has exposure to exploration for copper and gold in Jamaica and British Columbia through its 11.3% ownership of [Carube Copper Corp.](#) (CUC:TSX-V, formerly Miocene Resources Limited, a Wallbridge spin-out of its BC assets).
