

CellCube Announces Sales for Subsidiary PowerHaz

10.10.2018 | [CNW](#)

TORONTO, Oct. 10, 2018 - [CellCube Energy Storage Systems Inc.](#) ("CellCube" or the "Company") (CSE: CUBE) (OTC: CECBF) (Frankfurt: 01X) is pleased to announce that PowerHaz Energy Mobile Solutions Inc. ("PowerHaz"), a wholly owned subsidiary of CellCube, is expected to deliver its largest order yet for \$565,000 of engineered equipment to a large multi-national customer in the 4th Quarter.

"PowerHaz is a boutique solution provider with a core business of providing temporary power and panels for harsh and hazardous conditions," says EnerCube President, Brian Ricker. "PowerHaz provides top quality products and services for the forestry, mining, oil & gas (upstream/downstream/midstream) sectors that require a high safety rating for temporary power products and has developed expertise in designing and manufacturing such products that accomplish the job in a safe and secure manner."

"PowerHaz meets the customer need for safe, durable and reliable temporary power," says Mike Neylan, CEO of CellCube. "CellCube can now serve as a single source of supply for the electrical equipment required for energy storage and temporary power solutions around the world."

Terms

The delivery of equipment is based on a Purchase Order from a ongoing Master Service Agreement that was signed November 18, 2016 and is valid till November 2019 with extendable terms.

About CellCube Energy Storage Systems Inc.

CellCube is a Canadian public company listed on the Canadian Securities Exchange (symbol CUBE), the OTCBB (symbol CECBF), and the Frankfurt Exchange (Symbol 01X) focused on the fast-growing energy storage industry which is driven by a large increase in demand for renewable energy.

CellCube supplies vertically integrated energy storage systems to the power industry and recently acquired the assets of Gildemeister Energy Storage GmbH, now Enerox GmbH, the developer and manufacturer of CellCube energy storage systems. CellCube also recently acquired EnerCube Switchgear Systems Inc. (formerly Jet Power and Controls Ltd.) and Power Haz Energy Mobile Solutions Inc. (formerly HillCroft Consulting Ltd.). It has also invested in an online renewable energy financial platform, Braggawatt Energy Inc.

CellCube develops, manufactures, and markets energy storage systems on the basis of vanadium redox flow technology. It has over 130 project installations and a 10 year operational track record. Its highly integrated energy storage system solutions feature 99% residual energy capacity after 11,000 cycles with the focus on larger scale containerized modules. Basic building blocks consist of a 250kW unit family with 4, 6 and 8 hours variation in energy capacity.
