

Besra Files Amended and Restated Annual Management Discussion & Analysis

29.10.2018 | [Newsfile](#)

Auckland, October 29, 2018 - [Besra Gold Inc.](#) (the "Company") announces that it has filed amended and restated management discussion and analysis for its financial year ended 30 June 2018.

The MD&A has a revised statement of the tonnage and grade of mineral resources and mineral reserves, including the information required under NI 43-101 s. 3.4 (a-d) -- those being effective date, tonnage and grade (with a clear statement that the mineral resource includes the mineral reserve), general assumptions of the resource and reserve estimates, and material risks.

This is in connection with the review by the Ontario Securities Commission of Besra's continuous disclosure filed in connection with its application for the revocation of the cease trade orders against the Company's securities imposed by some of the Canadian securities regulatory authorities.

No amendment and restatement of the Company's audited annual financial statements is required.

Cautionary Note Regarding Forward-Looking Statements

Certain of the statements made and information contained herein is "Forward-looking information" within the meaning of applicable securities laws, including statements concerning our plans at our producing mines and exploration projects, which involve known and unknown risks, uncertainties, and other factors which may cause the actual results, performance or achievements of the Company, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking information. Forward-looking information is subject to a variety of risks and uncertainties that could cause actual events or results to differ from those reflected in the forward-looking information, including, without limitation, failure to establish estimated resources or to convert resources to mineable reserves; the grade and recovery of ore which is mined varying from estimates; capital and operating costs varying significantly from estimates; delays in obtaining or failure to obtain required governmental, environmental, or other project approvals; changes in national and local government legislation or regulations regarding environmental factors, royalties, taxation or foreign investment; political or economic instability; terrorism; inflation; changes in currency exchange rates; fluctuations in commodity prices; delays in the development of projects; shortage of personnel with the requisite knowledge and skills to design and execute exploration and development programs; difficulties in arranging contracts for drilling and other exploration and development services; dependency on equity market financings to fund programs and maintain and develop mineral properties; and risks associated with title to resource properties due to the difficulties of determining the validity of certain claims and other risks and uncertainties, including those described in each management's discussion and analysis released by the Company. In addition, forward-looking information is based on various assumptions including, without limitation, the expectations and beliefs of management; the assumed long-term price of gold; the availability of permits and surface rights; access to financing, equipment and

labour and that the political environment in the jurisdictions within which the Company operates will continue to support the development of environmentally safe mining projects. Should one or more of these risks and uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in forward-looking statements. Accordingly, readers are advised not to place undue reliance on forward-looking statements, which speak only as of the date they are made. Except as required under applicable securities legislation, the Company undertakes no obligation to publicly update or revise forward-looking information, whether as a result of new information, future events or otherwise.
