09.11.2018 | [Newsfile](#)

Auckland, November 8, 2018 - [Besra Gold Inc.](#) (the "Company") is very pleased to announce that the securities regulators (the "Commissions") in the Provinces of Ontario, British Columbia, Alberta and Québec have granted a full revocation (the "Revocation") of the cease trade order imposed by each of them in late 2014 and early 2015 against the securities of the Company. The cease trade orders had been imposed by the Commissions for failure by the Company to file its required filings by the filing deadline as prescribed by applicable securities laws. The Company's common shares were listed on the Toronto Stock Exchange ("TSX") under the symbol BEZ, but were delisted on 17 October 2014 for failure to maintain minimum TSX listing requirements.

The Company applied in or about January 2018 to each of the Commissions for a revocation of the cease trade orders. In September 2018, the Company filed, among other continuous disclosure documents, annual audited financial statements and related MD&A for the fiscal years ended 30 June 2017 and 2018 (the "Continuous Disclosure Documents"). Consistent with the provisions of National Policy 12-202 Revocation of Compliance-related Cease Trade Order, the Commissions exercised their discretion to not require the Company to file the annual financial reports and related MD&A for financial years ended 30 June 2014, 2015 and 2016, the interim reports for interim periods ending on or before 31 March 2018 and all related CEO and CFO certifications.

As a condition of revoking the Ontario cease trade order, the Ontario Securities Commission requested that the Company undertake not to complete a restructuring transaction, significant acquisition or reverse takeover of a business not located in Canada unless the Company first receives a receipt for a final prospectus in respect of such business. The Company has given such undertaking. The Company intends to hold a meeting of shareholders within 90 days of the date of the Revocation. Although the Company has been largely inactive, following the Revocation, the Company intends to reactivate itself. In the near term, the Company intends to seek financing in order to continue with exploration and development of its interest in the Bau Goldfield in Sarawak, East Malaysia and to seek to have its common shares relisted on a stock exchange.

The Continuous Disclosure Materials can be accessed on SEDAR under the Company's profile at www.sedar.com.
