CALGARY, Nov. 15, 2018 - [Canacol Energy Ltd.](#) ("Canacol" or the "Corporation") (TSX:CNE) (OTCQX:CNNEF) (BVC:CNEC) is pleased to announce that it has made the necessary filings, and received the necessary approvals to conduct a normal course issuer bid ("NCIB") through the facilities of the Toronto Stock Exchange ("TSX") or the following alternative markets, if eligible: CHI-X Canada, Alpha ATS, MATCH Now (Triact Canada), Omega ATS and Pure Trading.

The TSX has accepted the Corporation's notice to conduct the NCIB to purchase outstanding common shares on the open market, in accordance with the rules of the TSX. As approved by the TSX, the Corporation is authorized to purchase up to 14,086,746 common shares, representing approximately 10% of the public float of Canacol, being 140,867,465 common shares as of November 9, 2018. As of November 9, 2018, there were 177,672,213 common shares outstanding. The maximum number of common shares that Canacol may purchase on any given day is 31,126 common shares, which is 25% of the Corporation's average daily trading volume on the TSX for the six months ended October 31, 2018. Canacol may also make one weekly block repurchase which exceeds the daily limit subject to prescribed rules. All common shares acquired under the NCIB will be cancelled.

The Corporation is authorized to make purchases during the period from November 20, 2018 to November 19, 2019, or until such earlier time as the NCIB is completed or terminated at the option of the Corporation. Any common shares the Corporation purchases under the NCIB will be purchased on the open market through the facilities of the TSX and/or alternative trading systems, at the prevailing market price at the time of the transaction. The Corporation has appointed Eight Capital as its broker to conduct the NCIB transactions.

The Corporation believes that from time to time the market price of its common shares may not reflect their underlying value and that, at such times, the purchase of common shares for cancellation will increase the proportionate interest of, and be advantageous to, all remaining shareholders. In addition, the purchases by Canacol under the NCIB may increase liquidity to shareholders wishing to sell their common shares.

This news release does not constitute an offer to sell securities, nor is it a solicitation of an offer to buy securities, in any jurisdiction. All sales will be made through registered securities dealers in jurisdictions where the offering has been qualified for distribution. The securities offered are not, and will not be, registered under the securities laws of the United States of America, nor any state thereof and may not be sold in the United States of America absent registration in the United States or the availability of an exemption from such registration.
