

# Camber Energy Announces September 30, 2018, Pro Forma Stockholdersâ€™ Equity In Excess of \$6 Million

12.12.2018 | [ACCESS Newswire](#)

HOUSTON, December 12, 2018 - [Camber Energy Inc.](#) (NYSE American: CEI) (the "Company" or "Camber"), based in Houston, Texas, a growth-oriented, independent oil and gas company engaged in the development of crude oil, natural gas and natural gas liquids, announced today that it had unaudited pro forma stockholders' equity, as of December 4, 2018, of over approximately \$8 million, which exceeds the \$6 million minimum amount of stockholders' equity the Company is required to maintain pursuant to Sections 1003(a)(i) through (iii) of the NYSE American Company Guide (the "Guide").

As previously reported, on August 3, 2017, the Company received notice from the NYSE American that the Company was not in compliance with Sections 1003(a)(i) through (iii) of the Guide because it had (i) stockholders' equity of less than \$2,000,000 and sustained losses from continuing operations and/or net losses in two of its three most recent fiscal years; (ii) stockholders' equity of less than \$4,000,000 and sustained losses from continuing operations and/or net losses in three of the Company's four most recent fiscal years; and (iii) stockholders' equity of less than \$6,000,000 and sustained losses from continuing operations and/or net losses in the Company's five most recent fiscal years.

The Company subsequently submitted a plan to the NYSE American detailing the steps it planned to take to gain compliance with the Guide (i.e., raise our stockholders' equity above \$6 million), and currently has until December 15, 2018, under such plan, to gain such compliance, provided that the Company anticipates the NYSE American extending that deadline through February 3, 2019, later this week or early next week.

Notwithstanding the Company's estimated pro forma stockholders' equity, as described in greater detail in the Current Report on Form 8-K filed today by the Company, pursuant to the rules of the NYSE American, in order to demonstrate compliance with the continued listing standards of the NYSE American prior to the end of our compliance plan period, the Company must meet or exceed the requirements of Sections 1003(a)(i) through (iii) of the Guide for a period of two consecutive quarters (i.e., for two consecutive periodic reports). Otherwise, the Company must demonstrate such compliance at the end of the plan period.

As the Company has not, and will not, have two consecutive period report filings showing compliance with Sections 1003(a)(i) through (iii) of the Guide prior to the end of the plan period (as extended), the Company anticipates having to wait until the end of the plan period (as extended), in order to receive formal approval by the NYSE American of its re-compliance with the applicable continued listing standards, assuming that it continues to maintain stockholders' equity over \$6 million through the end of such compliance period (as extended) and meet the other continued listing standards of the NYSE American.

Notwithstanding the above, the NYSE American has not yet formally, extended the Company's compliance plan period, and/or confirmed our re-compliance with Sections 1003(a)(i) through (iii) of the Guide (which re-compliance can only be confirmed at the end of the plan period, as extended), we are currently not in compliance with the NYSE American continued listing standards (including Sections 1003(a)(i) through (iii) of the Guide and Section 1003(f)(v) of the Guide, because our securities have been selling for a low price per share for a substantial period of time), and if the Company is not in compliance with the continued listing standards by December 15, 2018 (or February 3, 2019, assuming the plan period is extended by the NYSE American), or if the Company does not make progress consistent with the plan during the plan period, and/or if the Company becomes non-compliant with any of the other listing requirements of the NYSE Regulation during such plan period (including low priced stock requirements, which the Company has previously received notice it is not in compliance with), the NYSE Regulation staff may initiate delisting proceedings as appropriate.
