

# Canadian Metals Appoints a New Chairman for its Board of Directors

20.02.2019 | [GlobeNewswire](#)

MONTRÉAL, Feb. 20, 2019 - [Canadian Metals Inc.](#) ("CME" or the "Company") (CSE: CME) is pleased to announce that Mr. Michel G. Gagnon, CME's director for several years, has been appointed Chairman of the Board of Directors.

Michel G. Gagnon is a renowned businessman who has held numerous executive positions in the metal and energy businesses over the last 30 years. He has been quite instrumental in the business growth of Aluminerie Alouette in the last decade when he was Vice President Finance and Business Development. Michel is a specialist of corporate governance and sits on the boards of several private and public companies. He is also a member of the Institute of Corporate Directors.

"CME is honored to welcome this exceptional manager as Chairman of our Board of Directors," said Stéphane Leblanc, CEO of the company. "His reputation, experience and business network between key players in the natural resources, metals and energy sectors will significantly contribute to the development of CME's activities and the recognition of its economic, environmental and social acceptability," concluded Stéphane Leblanc.

"With its diversified asset portfolio, CME has a solid growth potential in various strategic resources which is the reason it holds well with my skills and experience in business development," says Michel G. Gagnon.

About Canadian Metals Inc.

Canadian Metals is a diversified resource company focused on creating shareholder value through the development of large-scale industrial mineral portfolios in specific commodities and jurisdictions that will fuel the new energy economy. The company is uniquely positioned to pursue this strategy in silicon, precious and base metal assets.

## Cautionary Statements Regarding Forward-Looking Information

Certain statements included herein may constitute "forward-looking statements". All statements included in this press release that address future events, conditions, or results, including in connection with the prefeasibility study, its financing, job creation, the investments to complete the project and the potential performance, production, and environmental footprint of the ferrosilicon plant, are forward-looking statements. These forward-looking statements can be identified by the use of words such as "may", "must", "plan", "believe", "expect", "estimate", "think", "continue", "should", "will", "could", "intend", "anticipate", or "future", or the negative forms thereof or similar variations. These

forward-looking statements are based on certain assumptions and analyses made by management in light of their experiences and their perception of historical trends, current conditions, and expected future developments, as well as other factors they believe are appropriate in the circumstances. These statements are subject to risks, uncertainties, and assumptions, including those mentioned in the Corporation's continuous disclosure documents, which can be found under its profile on SEDAR ([www.sedar.com](http://www.sedar.com)). Many of such risks and uncertainties are outside the control of the Corporation and could cause actual results to differ materially from those expressed or implied by such forward-looking statements. In making such forward-looking statements, management has relied upon a number of material factors and assumptions, on the basis of currently available information, for which there is no insurance that such information will prove accurate. All forward-looking statements are expressly qualified in their entirety by the cautionary statements set forth above. The Corporation is under no obligation, and expressly disclaims any intention or obligation, to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as expressly required by applicable law.

Neither the CSE nor its Regulation Services Provider accepts responsibility for the adequacy or accuracy of this release.
