21.02.2019 | [ACCESS Newswire](#)

TORONTO, ON / ACCESSWIRE / February 21, 2019 / [Aston Bay Holdings Ltd.](#) (TSX-V: BAY; OTCQB: ATBHF) ("Aston Bay" or the "Company") is pleased to announce that it has secured DTC eligibility for its OTCQB-listed common shares.

The Depository Trust Company ("DTC") manages the electronic clearing and settlement of securities of publicly traded companies. Securities that are eligible to be electronically cleared and settled through the DTC are considered "DTC eligible". This electronic method of clearing securities speeds up the receipt of stock and cash, and thus accelerates the settlement process for investors and their brokers.

Thomas Ullrich, Chief Executive Officer of Aston Bay, stated: "The Company is implementing a strategy to expand our regional footprint, reduce seasonality in our exploration and broaden our shareholder base. The Company recently acquired U.S.-based Blue Ridge Mining Inc, and appointed Don Taylor as geological advisor to direct exploration, including the anticipated upcoming drill programs in Virginia. The current step of adding electronic settlement capability will simplify the trading of our shares in the U.S. market, and thus be an important step to broadening investment appeal to U.S. investors."

The Company's common shares trade on the OTCQB under the symbol "ATBHF". U.S. investors can find current financial disclosure and Real-Time Level 2 quotes for Aston Bay at <http://www.otcm Markets.com/stock/ATBHF>.

The Company's shares continue to trade on the TSX-Venture exchange under the symbol "BAY".
