

# Troilus Strengthens Balance Sheet by Posting Bond to Withdraw Security Deposit

05.03.2019 | [GlobeNewswire](#)

TORONTO, March 05, 2019 - [Troilus Gold Corp.](#) (TSX: TLG; OTCQB: CHXMF) (“Troilus” or the “Company”) announces that it has withdrawn its reclamation security deposit with the Government of Quebec totaling \$3,972,976 in exchange for an underwritten bond from an insurance company. To purchase this insurance, Troilus has given a \$1,589,190 deposit to the insurance company and will pay annual interest of 2.5% of the insured amount. The net impact of this is a cash injection of \$2,383,786.

Justin Reid, Chief Executive Officer of [Troilus Gold Corp.](#), commented, “This transaction significantly strengthens our balance sheet and puts us in a better position to move ahead with our planned corporate and technical objectives. We are very excited about Troilus’s 2019 outlook.”

About Troilus Gold Corp.

Troilus is a Toronto-based, Quebec focused, advanced stage exploration and early-development company focused on the mineral expansion and potential mine re-start of the former gold and copper Troilus mine. The 16,000-hectare Troilus property is located near Chibougamau, within the Frotêt-Evans Greenstone Belt in Quebec, Canada. From 1996 to 2010, [Inmet Mining Corp.](#) operated the Troilus project as an open-pit mine, producing more than 2,000,000 ounces of gold and nearly 70,000 tonnes of copper.

Qualified Person

The technical and scientific information in this press release has been reviewed and approved by Blake Hylands, P.Geo., who is a Qualified Person as defined by National Instrument 43-101. Mr. Hylands is an employee of Troilus and is not independent of the company under National Instrument 43-101.

*Cautionary statements*

*Mineral Resources are not Mineral Reserves and do not have demonstrated economic viability. There is no certainty that all or any part of Mineral Resources will be converted to Mineral Reserves. Inferred Mineral Resources have a lower level of confidence that that applied to an Indicated Mineral Resource and must not be converted to a Mineral Reserve. Quantity and grades are estimates and are rounded to reflect the fact that the Mineral Resource Estimate is an approximation. For more information with respect to the key assumptions, parameters and risks associated with the mineral resource estimates discussed herein, see the Company’s technical report entitled “Technical Report on the Troilus Gold Copper Mine Mineral Resource Estimate, Quebec, Canada” dated November 20, 2017 (the “Technical Report”) available under the Company’s profile at [www.sedar.com](http://www.sedar.com).*

*This press release contains “forward-looking information” within the meaning of applicable Canadian securities legislation. Forward-looking information includes, but is not limited to, statements regarding , the impact of the insurance bond and withdrawal of the reclamation deposit on the*

company and its outlook, the planned drill program and results on the Company, , the projected economics of the project, and the Company's understanding of the project; statements with respect to the development potential and timetable of the project; the estimation of mineral resources; realization of mineral resource estimates; the timing and amount of estimated future exploration; costs of future activities; capital and operating expenditures; success of exploration activities; government regulation of mining operations; and environmental risks and the receipt of any required regulatory approvals. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of Troilus to be materially different from those expressed or implied by such forward-looking information, including but not limited to: there being no assurance that the exploration program will result in expanded mineral resources; risks and uncertainties inherent to mineral resource estimates; receipt of necessary approvals; general business, economic, competitive, political and social uncertainties; future prices of mineral prices; accidents, labour disputes and shortages; environmental and other risks of the mining industry, including without limitation, risks and uncertainties discussed in the Technical Report and other continuous disclosure documents of the Company available under the Company's profile at [www.sedar.com](http://www.sedar.com) . Although Troilus has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking information. Pitchblack and Troilus do not undertake to update any forward-looking information, except in accordance with applicable securities laws.
