About the Lawsuit

Vale and certain of its executives are charged with failing to disclose material information during the Class Period, violating federal securities laws.

On November 5, 2015, Brazilian authorities reported that a mine co-owned by Vale had burst, killing dozens of people and devastating the local community. Then, on January 28, 2019, news sources reported that Brazilian authorities were pursuing criminal prosecutions and that "Brazilian securities industry regulator CVM has opened a probe into miner Vale SA's filings," both relating to the disaster.

On this news, the price of Vale's shares plummeted.

The first-filed case is Rauch v. [Vale S.A.](#) et al, 19-cv- 19cv526.
