## About Synergy

Synergy is a Canadian based medical device company incorporated in Ontario that provides innovative solutions to treat degenerative disc disease of the cervical spine. Synergy's patented flagship technology, the Synergy Cervical Disc (the "Synergy Disc®"), is a third generation cervical disc replacement prosthesis that restores natural motion, while also restoring natural alignment. This unique feature of the Synergy Disc® solves a major clinical issue that current cervical discs on the market see with loss of alignment or unpredictable alignment. In addition, the restoration of alignment feature allows the Synergy Disc® to potentially treat patients with a straight spine or slight deformity, which surgeons are not comfortable treating with other discs available on the market. Accordingly, the addressable patient population for the Synergy Disc® could be almost double that of the current cervical total disc replacement market. The Synergy Disc® is CE-marked and is currently being sold in Europe and Australia.

## **Tailwind Financing**

In connection with the Transaction, Tailwind intends to complete a private placement (the "Subscription Receipt Financing") of up to 2,857,143 subscription receipts (the "Subscription Receipts") on or about April 5, 2019 at a price of \$1.75 per Subscription Receipt for gross proceeds of up to \$5,000,000. Each Subscription Receipt will entitle the holder thereof to receive, upon satisfaction of certain escrow release conditions (the "Escrow Release Conditions") on or before the escrow release deadline, and without payment of additional consideration, one unit in the capital of Tailwind (a "Unit"). Each Unit consists of one Resulting Issuer common share ("Resulting Issuer Share") and one half of a common share purchase warrant (each whole warrant, a "Resulting Issuer Warrant"). Each Resulting Issuer Warrant shall entitle the holder thereof to acquire one Resulting Issuer Share at a price of \$2.15 for a period of 24 months following the closing of the Subscription Receipt Financing, subject to adjustment. An over-allotment option (the "Over-Allotment Option") to purchase up to an additional 428,571 Subscription Receipts has been granted to the Agent (as defined below).

Canaccord Genuity Corp. has been engaged as lead agent in connection with the Subscription Receipt Financing (the "Agent"). The Agent will receive a cash commission equal to 7% of the aggregate gross proceeds of the Subscription Receipt Financing (and reduced to 2.5% on president's list orders) (the "Agent's Commission"), together with an option to purchase up to an additional 7% of the number of the Resulting Issuer Shares issued upon conversion of the Subscription Receipts sold under the Subscription Receipt Financing (the "Agent's Compensation Options"). Each Agent's Compensation Option will be exercisable to purchase one Resulting Issuer Share at a price of \$1.75 for a period of 24 months following the closing of the Subscription Receipt Financing. In addition, on closing of the Subscription Receipt Financing, Synergy is obligated to pay the lead Agent a corporate finance fee of \$250,000, half in cash and half in common shares.

The gross proceeds from the Subscription Receipt Financing (less certain expenses of the Agent in connection with the Subscription Receipt Financing) (the "Escrowed Proceeds") will be held in escrow until the satisfaction of the Escrow Release Conditions, including the confirmation that all conditions precedent to the Transaction, other than the release of the Escrowed Proceeds, have been satisfied. In the event that the Escrow Release Conditions are not met by April 30, 2019, the Escrowed Proceeds shall be returned to the purchasers pro rata and the Subscription Receipts shall be automatically cancelled. Synergy shall make up for any short fall in funds payable to the purchasers.

## Exemption from Sponsorship

Tailwind plans to rely on the exemption from sponsorship requirements provided by the TSXV's policies where a brokered private placement greater than \$500,000 is completed and the TSXV receives a satisfactory due diligence letter from the Agent.

## Principal Purposes of Funds

The funds to be available to the Resulting Issuer upon the closing of the Transaction are expected to be approximately \$6,628,000, which includes the anticipated net proceeds of the Subscription Receipt Financing of approximately \$4,525,000 (assuming the Over-Allotment Option is not exercised) and existing cash on hand of Synergy and Tailwind estimated to equal \$2,103,000 immediately following the Amalgamation. These funds are anticipated to be used, principally, as follows:

Principal Use of Funds(1)	Amount
Clinical Trial Expenses	\$3,800,000
General Corporate and Working Capital Purposes	\$2,828,000
TOTAL	\$6,628,000

### Notes:

(1) *The principal use of funds has been prepared based upon anticipated needs of the Resulting Issuer over a 24 month period.*

*The Resulting Issuer intends to spend the funds available to it as stated above. There may be circumstances, however, where for sound business reasons, a reallocation of funds may be necessary.*

## About the Transaction

Tailwind held a special meeting of its shareholders on January 18, 2019 (the "Tailwind Meeting") which approved, among other things, (i) adding two Synergy nominees to its board of directors; (ii) the continuance of Tailwind into Ontario; (iii) the consolidation (the "Consolidation") of the issued and outstanding common shares of Tailwind (a "Tailwind Share") prior to the Amalgamation on the basis of one (1) post-Consolidation Tailwind Share for every 9.9 pre-Consolidation Tailwind Shares; and (iv) the change of the name of Tailwind to "SDRi Surgical Solutions Inc.".

Upon completion of the Consolidation, it is anticipated that the 8,000,000 issued and outstanding Tailwind Shares will be consolidated into 808,080 post-Consolidation Tailwind Shares.

Details regarding the Tailwind Meeting are available in the management information circular dated December 19, 2018 that has been mailed to shareholders of Tailwind and filed on SEDAR ([www.sedar.com](http://www.sedar.com)).

Synergy held a special meeting of its shareholders on January 25, 2019 which approved, among other things, the Amalgamation and related matters.

Under the terms of the Business Combination Agreement, at the effective time of the Amalgamation, among other things:

(a) The Resulting Issuer will issue to the holders of common shares of Synergy ("Synergy Shares"), approximately 22,974,187 Resulting Issuer Shares.

(b) Each holder of an outstanding option to purchase Synergy Shares (of which 1,567,719 are issued and outstanding as at the date hereof) (each, a "Synergy Option") immediately before the completion of the Amalgamation shall exchange each such Synergy Option for one (1) common share purchase option in the Resulting Issuer (each, a "Resulting Issuer Option"), with such Resulting Issuer Option having substantially the same terms and economic value as the Synergy Option being exchanged.

(c) Each Agent's Compensation Option will be exchanged for an economically equivalent compensation option of the Resulting Issuer.

The deemed issue price per Tailwind Share pursuant to the Transaction is \$1.75 on a post-Consolidation basis, based upon a Consolidation of one (1) post-Consolidation Tailwind Share for every 9.9 outstanding Tailwind Shares), or \$0.177 per Tailwind Share on a pre-Consolidation basis.

The completion of the Amalgamation is conditional on the parties obtaining all necessary regulatory and shareholder approvals in connection with the matters described above and other conditions customary for a transaction of this type.

Upon completion of the Transaction, NuVasive, Inc., a NASDAQ listed medical device company, will own approximately 3,394,208 Resulting Issuer Shares representing approximately 11.3% of the share capital of the Resulting Issuer on a fully diluted basis (11.1% assuming exercise of the Over-Allotment Option) and approximately 12.7% on a non-diluted basis (12.5% assuming exercise of the Over-Allotment Option). It is anticipated that the only other insiders of the Resulting Issuer will be its directors and senior officers.

### **Finder's Fee**

Upon closing of the Transaction, and subject to the acceptance of the TSXV, Steven Cochrane will be paid a finder's fee (the "Finder's Fee") in connection with the Transaction. The Finder's Fee shall be payable by the Resulting Issuer, at the Resulting Issuer's option, either by (i) the payment of \$100,000 in cash, or (ii) the payment of \$50,000 in cash and the issuance of 54,347 Resulting Issuer Shares.

### **Arm's Length Transaction**
