Vancouver, April 9, 2019 - Great Bear Resources (TSXV: GBR) (the "Company" or "Great Bear") is pleased to announce that the Company's exploration team have been awarded the 2018 "Bernie Schnieders Discovery of the Year Award" for the discovery of high-grade gold zones at its 100% owned Dixie Property in Red Lake, Ontario, Canada.

The award, presented by the Northwestern Ontario Prospectors Association (NWOPA), recognizes an exceptional discovery in Northwestern Ontario during the previous calendar year. It was presented on April 2 to Great Bear Resources at the annual awards banquet hosted during the 2019 Ontario Prospectors Exploration Showcase in Thunder Bay, Ontario (<http://www.nwopa.net/2019-exploration-showcase.html>).

Chris Taylor, President and CEO of Great Bear, said, "We would like to sincerely thank the NWOPA for receiving this honour, and look forward to expanding on our exciting discoveries at the Dixie property through 2019 and 2020. We have been fortunate to receive strong industry support for our exploration work over recent years, including an exploration grant during 2017/2018 in the amount of \$100,000, as part of the Ontario Prospector Association's Junior Exploration Assistance Program ("JEAP"), which partially funded our discovery drill program."

About Great Bear

The Dixie property is located approximately 15 minutes' drive along Highway 105 from downtown Red Lake, Ontario. The Dixie property covers a drill and geophysically defined 10-kilometre gold mineralized structure similar to that hosting other producing gold mines in the district.
