

Tamino Minerals, Inc. emphasizes on the fact that it has a Geologic Report on its Property

23.04.2019 | [GlobeNewswire](#)

MONTREAL, April 23, 2019 - [Tamino Minerals Inc.](#) ("Tamino" or the "Company") (OTC Markets: TINO) the Company has prepared a Geologic Report on its El Volcan Property and it's important to emphasize in the importance of this as some of our most important shareholders are on track towards making a substantial investment that will assist us in completing our Exploration Program successfully.

All of this will enable the company to finalize an audit as it does have access to a Property of Merit and ultimately file a NI 43-101 Report.

Now that the company has expanded into Canada we have solidified for several years, as we have been mentioning to our shareholders and investors that we plan to list in the TSX-V Exchange. Our company will continue to acquire claims within the area and extend its current position by staking additional land in the area.

TAMINO MINERALS, INC.

[Tamino Minerals Inc.](#) is exploring for high-grade gold deposits within a prolific gold producing geologic state, Sonora.

On behalf of the Board,

Pedro Villagran-Garcia, President & CEO

[Tamino Minerals Inc.](#)
