About Altus Strategies Plc

Altus is a London (AIM: ALS) and Toronto (TSX-V: ALTS) listed royalty and project generator in the mining sector with a focus on Africa. Our team creates value by making mineral discoveries across multiple

licences. We enter joint ventures with respected groups and our partners earn interest in these discoveries by advancing them toward production. Project milestone payments we receive are reinvested to extend our portfolio, accelerating our growth. The portfolio model reduces risk as our interests are diversified by commodity and by country. The royalties generated from our portfolio of projects are designed to yield sustainable long term income. We engage constructively with all our stakeholders, working diligently to minimise our environmental impact and to promote positive economic and social outcomes in the communities where we operate.
