

Nemaska Lithium Announces Departure from Board of Directors

03.05.2019 | [GlobeNewswire](#)

QUÉBEC CITY, May 03, 2019 -- Nemaska Lithium Inc. ("Nemaska Lithium" or the "Corporation") (TSX: NMX) (OTCQX: NMKEF) (Frankfurt: N0T) today announced that Mr. Patrick Godin has left the board of directors after a year serving the Corporation.

"We understand and respect Patrick's decision to leave in order to fully dedicate himself to his professional activities. I want to sincerely thank him for his contribution to the Board over the past year. His deep knowledge of our industry has been instrumental to his role as a director but also in his involvement in Board committees," declared Michel Baril, Chairman of the Board of Nemaska Lithium.

Investissement Québec ("IQ") had appointed Mr. Godin as its representative on the board of directors of Nemaska Lithium, in accordance with the terms of an investment agreement between its subsidiary *Ressources Québec Inc.* and the Corporation. IQ has already undertaken a process to nominate its new representative to the Corporation's board of directors. The appointment shall be announced over the coming weeks.

About Nemaska Lithium

[Nemaska Lithium Inc.](#) is a developing chemical company whose activities will be vertically integrated, from spodumene mining to the commercialization of high-purity lithium hydroxide and lithium carbonate. These lithium salts are mainly destined for the fast-growing lithium-ion battery market, which is driven by the increasing demand for electric vehicles and energy storage worldwide. With its products and processes, the Corporation intends to facilitate access to green energy, for the benefit of humanity.

The Corporation will be operating the Whabouchi mine in Québec, Canada, one of the richest lithium spodumene deposits in the world, both in volume and grade. The spodumene concentrate produced at the Whabouchi mine will be processed at the Shawinigan plant using a unique membrane electrolysis process for which the Corporation holds several patents.

The Corporation is a member of the S&P/TSX SmallCap Index, S&P/TSX Global Mining Index, S&P/TSX Global Base Metals Index, S&P/TSX Equal Weight Global Base Metals Index, and the MSCI Canada Small Cap Index. Cautionary Statement on Forward-Looking Information

All statements, other than statements of historical fact, contained in this press release constitute "forward-looking information" and "forward-looking statements" within the meaning of certain securities laws and are based on expectations and projections as of the date of this press release. Certain important assumptions by the Corporation in making forward-looking statements include, but are not limited to, the obtaining of the additional capital required in a timely fashion to fulfill the conditions precedent to receive the remaining proceeds from the project financing being the second tranche payment under the Streaming facility and the Bonds offering proceeds, and to complete the construction of the project (Whabouchi mine and Shawinigan plant).

Forward-looking statements contained in this press release include, without limitation, those related to (i) Investissement Québec's designation of its nominee to the Corporation's board of directors, and (ii) generally, the above "About Nemaska Lithium" paragraph which essentially describes the Corporation's outlook. Forward-looking statements are based on expectations, estimates and

projections as of the time of this press release. Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by the Corporation as of the time of such statements, are inherently subject to significant business, economic and competitive uncertainties and contingencies. These estimates and assumptions may prove to be incorrect.

Many of these uncertainties and contingencies can directly or indirectly affect, and could cause, actual results to differ materially from those expressed or implied in any forward-looking statements. In particular, but without limitation, there can be no assurance that the Whabouchi mine and/or the electrochemical plant in Shawinigan will be commissioned and will begin production, as future events could differ materially what is currently anticipated by the Corporation. For greater certainty, any delay to secure the required additional financing or other available strategic alternative may impact the construction timeline and previously estimated required funds to complete construction.

By their very nature, forward-looking statements involve inherent risks and uncertainties, both general and specific, and risks exist that estimates, forecasts, projections and other forward-looking statements will not be achieved or that assumptions do not reflect future experience. Forward-looking statements are provided for the purpose of providing information about management's expectations and plans relating to the future. Readers are cautioned not to place undue reliance on these forward-looking statements as a number of important risk factors and future events could cause the actual outcomes to differ materially from the beliefs, plans, objectives, expectations, anticipations, estimates, assumptions and intentions expressed in such forward-looking statements. All of the forward-looking statements made in this press release are qualified by these cautionary statements and those made in our other filings with the securities regulators of Canada including, but not limited to, the cautionary statements made in the "Risk Factors" section of the Corporation's Annual Information Form dated October 10, 2018, and the "Risk Exposure and Management" section of the Corporation's quarterly Management Discussion & Analysis. The Corporation cautions that the foregoing list of factors that may affect future results is not exhaustive, and new, unforeseeable risks may arise from time to time. The Corporation disclaims any intention or obligation to update or revise any forward-looking statements or to explain any material difference between subsequent actual events and such forward-looking statements, except to the extent required by applicable law.
