

Eastmain Resources Inc. Announces Closing of Offering

08.05.2019 | [Business Wire](#)

[Eastmain Resources Inc.](#) (‘‘Eastmain’’ or the ‘‘Company’’ - TSX:ER, OTCQX:EANRF) is pleased to announce that it has completed its previously announced bought deal private placement (the ‘‘Offering’’) for aggregate gross proceeds of approximately C\$3,189,000. The Offering was conducted by a syndicate of underwriters led by Laurentian Bank Securities Inc. and included Cormark Securities Inc., Industrial Alliance Securities Inc., Echelon Wealth Partners Inc., GMP Securities L.P. and CIBC Capital Markets.

Pursuant to the Offering, the Company issued an aggregate of 8,987,203 units (‘‘Hard Units’’) at a price of \$0.135 per Hard Unit, 8,044,285 Quebec flow-through common shares of the Company (the ‘‘Quebec FT Shares’’) at a price of \$0.175 per Quebec FT Share, 1,064,500 federal flow-through common shares of the Company (the ‘‘Federal FT Shares’’) at a price of \$0.17 per Federal FT Share, and 1,646,900 charity flow-through units of the Company (‘‘Charity FT Units’’) at a price of \$0.235 per Charity FT Unit (together with the Hard Units, Quebec FT Shares, Federal FT Shares, and Charity FT Units, the ‘‘Securities’’). Each Hard Unit and each Charity FT Unit consisted of one common share of the Company and one-half of one common share purchase warrant (each whole common share purchase warrant, a ‘‘Warrant’’). Each Warrant will entitle the holder to acquire one common share of the Company for two years from the closing of the Offering at a price of \$0.17.

The net proceeds from the sale of the Hard Units will be used to fund the exploration and development of the Company’s Québec mineral concessions and for general corporate and working capital purposes. The gross proceeds received by the Company from the sale of the Quebec FT Shares, Federal FT Shares and common shares comprising, in part, the Charity FT Units, will be used to incur Canadian Exploration Expenses (‘‘CEE’’) that are ‘‘flow-through mining expenditures’’ (as such terms are defined in the Income Tax Act (Canada) and the Taxation Act (Quebec)) on the Company’s properties in Québec, which will be renounced to the subscribers with an effective date no later than December 31, 2019.

All securities issued and issuable pursuant to the Offering are subject to a statutory hold period expiring September 9, 2019. The Offering remains subject to the final approval of the Toronto Stock Exchange. Insiders of the Company purchased, directly and indirectly, an aggregate of 688,000 Federal FT Shares, 298,500 Hard Units, 115,000 Quebec FT Shares and 850,000 Charity FT Units in connection with the Offering. The Company did not file a material change report disclosing the related party transaction more than 21 days before the expected closing date of the Offering as the details of the Offering and the participation therein by each insider of the Corporation were not settled until shortly prior to the closing of the Offering.

This news release does not constitute an offer to sell or a solicitation of an offer to buy any of the Securities in the United States. The Securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the ‘‘U.S. Securities Act’’) or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

About Eastmain Resources Inc.

Eastmain is a Canadian exploration company advancing three high-grade gold assets in the emerging James Bay gold camp in Québec. The Company holds a 100%-interest in the Clearwater Property, host of the Eau Claire Project, for which it issued a Preliminary Economic Assessment (‘‘PEA’’) in May 2018, and the Percival Discovery made in November 2018. Eastmain is also the operator of the Éléonore South Joint Venture, located immediately south of Newmont Goldcorp’s Éléonore Mine, which hosts

the Moni/Contact Trend Discovery (2017). In addition, the Company has a 100% interest in the Eastmain Mine Project where the Company prepared a NI 43-101 Mineral Resource Estimate in January 2018, and a pipeline of exploration projects in this favourable mining jurisdiction with nearby infrastructure.

Forwarding-Looking Information

This news release contains "forward-looking information" which may include, but is not limited to, statements with respect to the use of proceeds of the Offering, and the receipt of regulatory approvals.
