

Comstock Mining Receives Second Favorable Court Ruling

21.05.2019 | [GlobeNewswire](#)

VIRGINIA CITY, May 21, 2019 - [Comstock Mining Inc.](#) (the "Company" or "Comstock") (NYSE American: LODE) announced today that the First Judicial District Court of the State of Nevada, in and for Storey County, favorably granted its Motion for the Plaintiff to file a "more definite statement."

On July 12, 2018, Precious Royalties LLC ("Precious") filed a complaint against the Company in the First Judicial District Court of the State of Nevada, in and for Storey County, alleging that the Company failed to properly pay Precious a net smelter return royalty in accordance with a settlement agreement dated September 24, 2012, and seeking \$510,000 in damages. On November 16, 2018, the Company filed a Motion for a "More Definite Statement" on the basis that the complaint is too vague to even allow a response. On May 16, 2019, the Court granted Comstock's Motion, requiring Precious to revise and re-file its complaint in order to proceed with the action. The Company believes the Precious claims are completely without merit and will continue to vigorously defend the litigation.

Corrado De Gasperis, Executive Chairman and CEO of the Company stated, "This ruling reaffirms our position that all royalties earned and paid to Precious were timely and accurate and we are gratified that vague and unsubstantiated claims were not deemed acceptable. We take the quality and thoroughness of our work and our commitments to our partners seriously. Vague and unsubstantiated claims are not acceptable to us and we are thankful that the Nevada court agreed."

This favorable court order, along with the previous, recent, favorable rulings and all other recent events, will be updated into and included in the Company's Financial Statements to be filed on Form 10-Q with the Securities and Exchange Commission that we now expect to file by the end of next week, if not sooner. The Company's unaudited financial statements, as of and for the three months ended March 31, 2019, have previously been submitted and are available on Form 8-K Current Report dated May 15, 2019.
