About Ascot Resources Ltd.

Ascot is a Canadian-based junior exploration company focused on re-starting the past producing historic Premier gold mine, located in British Columbia's Golden Triangle. The Company continues to define high-grade resources for underground mining with the near-term goal of converting the underground resources into reserves, while continuing to explore nearby targets on its Premier/Dilworth and Silver Coin properties (collectively referred to as the Premier project). Ascot's recent acquisition of IDM Mining added the high-grade gold and silver Red Mountain project to its portfolio and positions the Company as a leading consolidator of high-quality assets in the Golden Triangle. Located near the mining town of Stewart BC, the Company recently announced a Benefits Agreement with Nisga'a Nation.
