

# MANGANESE X Receives Written Confirmation from Mountain Springs Oil and Gas Limited

28.05.2019 | [Newsfile](#)

Montreal, May 28, 2019 - [Manganese X Energy Corp.](#) (TSXV: MN) (FSE: 9SC2) (TRADEGATE: 9SC2) (OTC Pink: SNCGF) ("Manganese" or the "Company") is pleased to announce that Manganese X has received written confirmation from Mountain Spring Oil and Gas Limited (MSOG) that their final May 17<sup>th</sup>, 2019 qualified bid to purchase the anticipated oil and gas property located in Western Canada was successful, as being the highest bid for this property. The timeline contemplates completion of confirmatory title and environmental due diligence and execution of the purchase and sale agreement by June 3<sup>rd</sup>, 2019. With the final closing of the contemplated transaction by June 14<sup>th</sup>, 2019.

As referred to in our previous news release April 11<sup>th</sup>, 2019, this established cash bearing oil and gas property has complete infrastructure on all the existing and potential future production areas and is under a closed contract located in Western Canada. Manganese X presently owns 15 % of MSOG. The company has an option of increasing ownership in MSOG with an additional 10% interest upon MSOG completing its current acquisition and with Manganese X Board approval.

The Company's strategy is to leverage the potential cash flow from dividends generated by its interest in MSOG's oil and gas production wells, to advance the Battery Hill manganese and Peter Lake copper-nickel-cobalt projects, as well as other potential opportunities.

Manganese's mission is to acquire and advance high potential manganese mining prospects located in North America with the intent of supplying value added materials to the lithium ion battery and other alternative energy industries. In addition, our company is striving to achieve new methodologies emanating from environmentally geographically ethical and friendly green/zero emissions, while processing manganese at a lower competitive cost.
