

UEX Update Webinar to be held Thursday June 13th

07.06.2019 | [GlobeNewswire](#)

SASKATOON, June 07, 2019 - [UEX Corp.](#) (UEX:TSX) (“UEX” or the “Company”) is pleased to announce we are hosting a webinar this upcoming Thursday, June 13th, 2019 at 12:00 p.m. EDT/ 9:00 am PDT. The webinar is open to all audiences.

The purpose of the webinar is to provide an update on the results of the Company’s 2019 exploration programs, future activities, and UEX’s views on the uranium and cobalt markets. All participants will have the opportunity to ask questions following the presentation.

To access the webinar, participants will need to register in advance through the following link:

https://webinar.ringcentral.com/webinar/register/WN_RpnkWYuSSX2IX36Abnzptw

After registering, participants will receive a confirmation email containing information about joining the webinar. Please be advised that the total number of registrants is limited. For those interested but unable to attend, a video of the webinar will be posted on the UEX website (www.uex-corporation.com) shortly after the event has concluded.

About UEX

UEX (TSX:UEX, OTC:UEXCF.PK, UXO.F) is a Canadian uranium exploration and development company involved in nineteen uranium projects, including eight that are 100% owned and operated by UEX, one joint venture with Orano Canada Inc. (“Orano”) and [ALX Uranium Corp.](#) (“ALX”) that is 50.1% owned by UEX and is under option to and operated by ALX, as well as eight joint ventures with Orano, one joint venture with Orano and JCU (Canada) Exploration Company Limited, which are operated by Orano, and one project (Christie Lake), that is 60% owned by UEX with JCU (Canada) Exploration Company Limited which is operated by UEX.

The company is also involved in one cobalt-nickel exploration project located in the Athabasca Basin of northern Saskatchewan. The West Bear Project was formerly part of UEX’s Hidden Bay Project and contains the West Bear Cobalt-Nickel Deposit and the West Bear Uranium Deposit.

The nineteen projects are located in the eastern, western and northern perimeters of the Athabasca Basin, the world’s richest uranium belt, which in 2017 accounted for approximately 22% of the global primary uranium production. UEX is currently advancing several uranium deposits in the Athabasca Basin which include the Christie Lake deposits, the Kianna, Anne, Colette and 58B deposits at its currently 49.1%-owned Shea Creek Project (located 50 km north of Fission’s Triple R Deposit and Patterson Lake South Project, and NexGen’s Arrow Deposit) the Horseshoe and Raven deposits located on its 100%-owned Horseshoe-Raven Development Project and the West Bear Uranium Deposit located at its 100%-owned West Bear Project.

Forward-Looking Information

This news release contains statements that constitute "forward-looking information" for the purposes of Canadian securities laws. Such statements are based on UEX's current expectations, estimates, forecasts and projections. Such forward-looking information includes statements regarding the West Bear Co-Ni Deposit drill program, UEX's drill hole results, uranium, cobalt and nickel prices, outlook for our future operations, plans and timing for exploration activities, and other expectations, intentions and plans that are not historical fact. Such forward-looking information is based on certain factors and assumptions and is subject to risks, uncertainties and other factors that could cause actual results to differ materially from future results expressed or implied by such forward-looking information. Important factors that could cause actual results to differ materially from UEX's expectations include uncertainties relating to the, interpretation of drill results and geology, assay confirmation, additional drilling results, continuity and grade of deposits, fluctuations in uranium, cobalt and nickel prices and currency exchange rates, changes in environmental and other laws affecting uranium, cobalt and nickel exploration and mining, and other risks and uncertainties disclosed in UEX's Annual Information Form and other filings with the applicable Canadian securities commissions on SEDAR. Many of these factors are beyond the control of UEX. Consequently, all forward-looking information contained in this news release is qualified by this cautionary statement and there can be no assurance that actual results or developments anticipated by UEX will be realized. For the reasons set forth above, investors should not place undue reliance on such forward-looking information. Except as required by applicable law, UEX disclaims any intention or obligation to update or revise forward-looking information, whether as a result of new information, future events or otherwise.
