

Alianza Minerals arranges \$750,000 Financing

25.06.2019 | [GlobeNewswire](#)

VANCOUVER, June 25, 2019 - [Alianza Minerals Ltd.](#) (TSXV: ANZ OTC: TARSF) (“Alianza” or the “Company”) is pleased to report that it has arranged a financing of \$750,000 to further advance its projects in BC, Yukon, Nevada and Peru.

“The flow through share funding will allow us to expand our work at the high grade Haldane Silver Project in the Yukon Territory,” stated Jason Weber, P.Ge., President and CEO of Alianza. “The hard dollars will fund our working capital and investor relations programs now that we are actively exploring six projects, four of which are funded by an earn-in partner.”

Financing Terms – Non-Flow Through Units (10,000,000 units)

Each non-flow through unit is comprised of one common share and one common share purchase warrant at \$0.05 per unit. The warrant is valid for three years from the date of closing of the offering and is exercisable at \$0.10 to acquire one common share.

Financing Terms – Flow Through Shares (4,166,666 flow-through shares)

The flow through shares will be eligible for a tax deduction for Canadian income tax payers for the 2019 year. These shares will be issued at \$0.06 per share and the proceeds will be spent on qualifying exploration expenditures in the Yukon Territory.

Finder’s fees of 7.5% in cash and 7.5% in finder’s warrants will be paid to eligible parties. Members of Alianza’s board of directors and management team may be participating in this offering. All securities are subject to a four-month hold from the date of closing.

Use of Proceeds

Alianza will use proceeds of this financing to increase the exploration program at its Haldane silver project in the Keno District, Yukon. The 2018 field program identified a new silver vein target at the Bighorn Anomaly, 2.5 km from known mineralization at the MHVS targets where work extended the potential strike length to over 3.5 km. Trenching and/or drilling are planned for these targets and good results will upgrade the project for further work which may be funded by a partner.

About Alianza Minerals Ltd.

Alianza employs a hybrid business model of joint venture funding and self-funded projects to maximize opportunity for exploration success. The Company currently has gold, silver and base metal projects in Yukon Territory, British Columbia, Nevada and Peru. Alianza currently has four projects optioned out in Nevada and Yukon Territory, and is actively exploring on two others. Alianza’s current partners include Hochschild Mining PLC and Coeur Mining, Inc.

The Company has 60.5 million shares issued and outstanding and is listed on the TSX Venture Exchange under the symbol “ANZ” and trades on the OTC market in the US under the symbol TARSF.
