

West High Yield Completes Second Tranche of Private Placement and Terminates Market Making Services Agreement

20.07.2019 | [GlobeNewswire](#)

CALGARY, July 19, 2019 - [West High Yield \(W.H.Y.\) Resources Ltd.](#) ("West High Yield" or the "Company") (TSXV: WHY) announces that it has completed the second and final tranche of its previously announced non-brokered private placement of units ("Units"). The Company issued 258,000 Units at a price of \$0.25 per Unit for gross proceeds of \$64,500 under the second tranche. The Company wishes to correct its statement in the press release issued June 7 regarding the number of units issued pursuant to the first tranche closing. In total, 609,000 units were issued as part of the first tranche for gross proceeds of \$152,250.

In aggregate, the Company issued 867,000 Units at a price of \$0.25 per Unit for gross proceeds of \$216,750 under the private placement. Each Unit consists of one common share in the capital of the Company (a "Common Share") and one-third of one common share purchase warrant (a "Warrant"). Each whole Warrant entitles the holder to purchase one additional Common Share at an exercise price of \$0.45 for a period of one year from the date of issuance of the Warrant.

All of the securities issued under the private placement are subject to a four month resale restriction. The private placement is subject to receipt of all necessary regulatory approvals including final approval of the TSX Venture Exchange.

Net proceeds are expected to be used for the environmental base line study, environmental assessment study and mine plan and permit application and Industrial Mineral Mine Permit application for the Company's Record Ridge deposit near Rossland, British Columbia and general corporate purposes. Although the Company intends to use the proceeds of the offering as described above, the actual allocation of proceeds may vary from the uses set out above, depending upon future operations, events or opportunities.

An insider of the Company subscribed for 133,000 Units, for a total of approximately 15% of the private placement. The private placement is therefore deemed to be a "related party transaction" as defined under Multilateral Instrument 6-101 *Protection of Minority Security Holders in Special Transactions* ("MI 61-101"). Neither the Company, nor to the knowledge of the Company after reasonable inquiry, the insider participant in the private placement, has knowledge of any material information concerning the Company or its securities that has not been generally disclosed.

The private placement is exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 (pursuant to subsections 5.5(c) and 5.7(1)(b)) as it was a distribution of securities for cash and neither the fair market value of the Units distributed to, nor the consideration received from, the insider participant exceeded \$2,500,000.

The Company also announces termination of the agreement with Questrade, Inc. to provide market making services to the Company previously announced May 10, 2019.
