

Parker Drilling Reports 2019 Second Quarter Results

05.08.2019 | [PR Newswire](#)

HOUSTON, Aug. 5, 2019 - [Parker Drilling Company](#) (NYSE: PKD) today announced results for the second quarter ended July 31, 2019, which included a net income of \$4.6 million, or diluted earnings of \$0.31 per share on revenues of \$156.0 million. Second quarter Adjusted EBITDA was \$37.8 million ⁽¹⁾.

Gary Rich, the Company's President and CEO, said, "Our second quarter results, as demonstrated by our positive net income and strong Adjusted EBITDA, is a testament to our strong operational execution, ability to capture additional opportunities and a strong balance sheet.

"In our rental tools business, our International rentals segment benefited from whipstock sales and continued demand for casing running services, in particular our proprietary casing running tool. Our U.S. rental tools segment performed admirably in the second quarter in spite of the U.S. land rig count continuing to decline. Despite this softness, the U.S. offshore market continues to show modest signs of strength, and we are confident in our ability to perform well in both the U.S. land and offshore markets.

"In our drilling services business, our ongoing shift to more capital efficient and increasingly profitable operating activities is reflected in the second quarter results. We also benefited from ongoing O&M activities and improving rig utilization, in both our U.S. drilling and International and Alaska drilling segments, as rigs returned to service in the inland barge and Mexico markets.

"Despite current market softness in the U.S., our diversified global exposure, ability to adjust capex spending, and improved operating structure provide us the ability to execute on profitable projects and deliver solid returns."

Second Quarter Review

Revenues were \$156.0 million and \$157.4 million for the second and first quarter, respectively. Operating gross margin excluding depreciation and amortization expense (gross margin) was \$43.4 million and \$36.5 million for the second and first quarter, respectively.

Rental Tools Services

For the Company's rental tools services business, which is comprised of the U.S. rental tools and international rental tools, revenues were \$75.1 million and \$73.7 million for the second and first quarter, respectively. Gross margin was \$30.6 million and \$27.7 million for the second and first quarter, respectively. Gross margin as a percentage of revenues was 40.8 percent and 37.5 percent for the second and first quarter, respectively.

U.S. Rental Tools

U.S. rental tools segment revenues were \$52.9 million and \$52.6 million for the second and first quarter, respectively. Gross margin was \$27.7 million and \$29.0 million for the second and first quarter, respectively. Our second quarter revenues were primarily driven by customer activity in U.S. land and offshore shelf rentals.

International Rental Tools

International rental tools segment revenues were \$22.2 million and \$21.1 million for the second and first quarter, respectively. Gross margin was \$2.9 million and \$0.5 million for the second and first quarter, respectively. Our second quarter revenues were primarily driven by well construction, well intervention services and surface and tubular services.

(1) Adjusted EBITDA is a non-GAAP financial measure. See the reconciliation and table of net income/(loss) to EBITDA and Adjusted EBITDA later in this release for more information on non-GAAP financial measures.

Drilling Services

For the Company's drilling services business, which is comprised of the U.S. (lower 48) drilling and International & Alaska drilling segments, revenues were \$80.9 million and \$83.7 million for the second and first quarter, respectively. Gross margin was \$12.8 million and \$7.0 million for the second and first quarter, respectively. Gross margin as a percentage of revenues was 15.8 percent, and 8.3 percent for the second and first quarter, respectively.

U.S. (Lower 48) Drilling

U.S. (lower 48) drilling segment revenues were \$12.5 million and \$6.6 million for the second and first quarter, respectively. Gross margin was \$2.6 million for the second quarter and a loss of \$0.7 million for the first quarter. Our second quarter revenues were primarily driven by our inland barge rig fleet and operations and management ("O&M") revenue.

International & Alaska Drilling

International & Alaska drilling segment revenues were \$68.5 million and \$77.1 million for the second and first quarter, respectively. Gross margin were \$10.2 million and \$7.7 million for the second and first quarter, respectively. Our second quarter revenues were primarily driven by O&M revenue and revenue from Company-owned rigs in Sakhalin Island, Russia, Mexico and the Kurdistan region of Iraq.

Consolidated

General and administrative expense was \$5.6 million for the 2019 second quarter. Total liquidity at the end of the quarter, exclusive of \$2.0 million restricted cash, was \$163.9 million, consisting of \$139.1 million in unrestricted cash and cash equivalents and \$24.8 million available under the Company's credit facility.

Capital expenditures in the second quarter were \$25.1 million, primarily related to the Company's Rentals Tools Services business.

Conference Call

Parker Drilling has scheduled a conference call for 10:00 a.m. Central Time (11:00 a.m. Eastern Time) on Tuesday, August 6, 2019, to review second quarter results. The call will be available by telephone by dialing (+1) (412) 902-0003 and asking for the Parker Drilling Second Quarter Conference Call. The call can also be accessed through the Investor Relations section of the Company's website. A replay of the call can be accessed on the Company's website for 12 months and will be available by telephone through August 13, 2019 at (+1) (201) 612-7415, conference ID 13692051#.

Cautionary Statement

This press release contains statements that are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended, (the "Exchange Act"). All statements contained in this Form 10-Q, other than statements of historical facts, are forward-looking statements for purposes of these provisions. In some cases, you can identify these statements by forward-looking words such as "anticipate," "believe," "could," "estimate," "expect," "intend," "outlook," "may," "should," "plan," "seek," "forecast," "target," "will," and "would" or similar words. Forward-looking statements are based on certain assumptions and analyses we make in light of our experience and perception of historical trends, current conditions, expected future developments, and other factors we believe are relevant. Although we believe our assumptions are reasonable based on information currently available, those assumptions are subject to significant risks and

uncertainties, many of which are outside our control. Each forward-looking statement speaks only as of the date of this Form 10-Q, and we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. You should be aware that certain events could have a material adverse effect on our business, results of operations, financial condition, and cash flows. For more information about such events, see "Risk Factors" described in Item 1A. of the Company's Annual Report filed on Form 10-K, and the Company's Quarterly Report on Form 10-Q for the period ended March 31, 2019, along with additional risk factors described from time to time in our SEC filings.

This news release contains non-GAAP financial measures as defined by SEC Regulation G. A reconciliation of each such measure to its most directly comparable U.S. Generally Accepted Accounting Principles (GAAP) financial measure, together with an explanation of why management believes that these non-GAAP financial measures provide useful information to investors, is provided in the following tables.

Company Description

Parker Drilling provides drilling services and rental tools to the energy industry. The Company's Drilling Services business serves operators through the use of Parker-owned and customer-owned rig fleets in select U.S. and international markets, specializing in remote and harsh environment regions. The Company's Rental Tools Services business supplies premium equipment and well services to operators on land and offshore in the U.S. and international markets. More information about Parker Drilling can be found on the Company's website at www.parkerdrilling.com.

Interest income	(374)	(8)	(15)	(23)	(30)
Other	644	10	414	709	1,100
Adjusted EBITDA ^{(1) (2)}	\$ 37,772	\$ 28,379	\$ 22,185	\$ 22,681	\$ 20,537

(1) Pre-petition restructuring charges have been allocated to the respective period in which the expense was incurred. Accordingly adjusted EBITDA will differ from what was reported previously.

(2) We believe Adjusted EBITDA is an important measure of operating performance because it allows management, investors, and others to evaluate and compare our core operating results from period to period by removing the impact of our capital structure (interest expense from our outstanding debt), asset base (depreciation and amortization), remeasurement of foreign currency transactions, tax consequences, impairment and other special items. Special items include items impacting operating expenses that management believes detract from an understanding of normal operating performance. Management uses Adjusted EBITDA as a supplemental measure to review current period operating performance and period to period comparisons. Our Adjusted EBITDA may not be comparable to a similarly titled measure of another company because other entities may not calculate EBITDA in the same manner. EBITDA and Adjusted EBITDA are not measures of financial performance under U.S. Generally Accepted Accounting Principles (GAAP), and should not be considered in isolation or as an alternative to operating income or loss, net income or loss, cash flows provided by or used in operating, investing, and financing activities, or other income or cash flow statement data prepared in accordance with GAAP.

RECONCILIATION OF ADJUSTED EARNINGS PER SHARE

(Dollars in Thousands, except Per Share)

(Unaudited)

	Successor	Predecessor	
	Three Months Ended June 30,	Three Months Ended June 30,	Three Months Ended March
	2019	2018	2019
Net income (loss) available to common stockholders	\$ 4,641	\$ (23,784)	\$ (90,248)
Diluted earnings (loss) per common share	\$ 0.31	\$ (2.56)	\$ (9.63)
Adjustments:	—	—	—
Net adjustments	—	—	—
Adjusted net income (loss) available to common stockholders ⁽¹⁾	\$ 4,641	\$ (23,784)	\$ (90,248)
Adjusted diluted earnings (loss) per common share ⁽¹⁾	\$ 0.31	\$ (2.56)	\$ (9.63)

(1) We believe Adjusted net income (loss) available to common stockholders and Adjusted diluted earnings (loss) per common share are useful financial measures for investors to assess and understand operating performance for period to period comparisons. Management views the adjustments to Net income (loss) available to common stockholders and Diluted earnings (loss) per common share to be items outside of the Company's normal operating results. Adjusted net income (loss) available to common stockholders and Adjusted diluted earnings (loss) per common share are not measures of financial performance under GAAP, and should not be considered in isolation or as an alternative to Net income (loss) available to common stockholders or Diluted earnings (loss) per common share.
