Mistango's Board of Directors has engaged in a series of actions which are an affront to shareholder democracy. These dictatorial tactics were culminated at Mistango's Annual Meeting of Shareholders on September 10<sup>th</sup>, when its Board learned of shareholder voting results which were unfavourable to them. After learning of the results, Mistango's Board of Directors immediately canceled the vote along with the Annual Shareholder Meeting. No shareholders at the meeting were permitted to speak. Now Mistango's Board now refuses to release the results of this vote in an attempt to silence shareholders and invalidate their rights. Furthermore, Mistango is now actively engaging in further tactics, including soliciting another dilutive private placement, to alter and manipulate the legal and valid demands of shareholders.

The results of September 10, 2019 Mistango shareholder vote must be made public and its results enforced in order to Save Mistango and preserve the integrity of Canada's capital markets. Shareholder vote suppression is a matter of Public Interest.
