

Benz Mining Corp. Announces Management Appointments

23.09.2019 | [Newsfile](#)

Vancouver, September 23, 2019 - Benz Mining Corp. (TSXV: BZ) (the "Company" or "Benz") is pleased to announce the appointment of Nick Tintor, effective today, to the position of President and CEO, replacing Miloje Vicentijevic who will transition from President and CEO to the Chairman of the Board. Mr. Tintor was previously Chairman of the Board at Benz.

Miloje Vicentijevic, Chairman of the Board commented, "I am delighted and excited to support this realignment of our roles at Benz, especially as Benz embarks on its program to advance the former producing Eastmain gold mine project in Quebec. As a professional geologist and experienced mining finance executive, Nick brings a wealth of junior mining company expertise to Benz's C-suite and I look forward to working closely with Nick as we advance Benz."

Nick Tintor, President and CEO, commented, "I look forward to working with Miloje and the Benz board to help differentiate Benz and lead it with a new strategic focus into gold and precious metals."

Nick Tintor added, "It's an exciting time in our sector as signs of a sustainable bull market, not only in gold but in all commodities, are emerging. I think it's the perfect time to be searching for and developing assets like our Eastmain high grade gold project in Quebec."

Nick Tintor is a geologist and mining executive with more than 35 years of diverse management experience in the mining industry who brings a wealth of industry and mining banking relationships to Benz. A Qualified Professional member of the Mining and Metallurgical Society of America, Nick is a Qualified Person as defined by NI 43-101.

For additional information about the Eastmain gold project, please see our press release dated August 9, 2019 and available at www.benzmining.com or on www.sedar.com.

About Benz Mining

[Benz Mining Corp.](#) brings together a veteran team of engineers, geologists and finance professionals with a focused strategy to acquire and develop mineral projects with an emphasis on safe, low risk jurisdictions favorable to mining development. Benz is earning a 100% interest in the former producing high grade Eastmain gold mine project in Quebec.

Forward Looking Statements

Certain statements contained in this news release may constitute "forward-looking information" as such term is used in applicable Canadian securities laws. Forward-looking information is based on plans, expectations and estimates of management at the date the information is provided and is subject to certain factors and assumptions, including, that the Company's financial condition and development plans do not change as a result of unforeseen events and that the Company obtains regulatory approval. Forward-looking information is subject to a variety of risks and uncertainties and other factors that could cause plans, estimates and actual results to vary materially from those projected in such forward-looking information. Factors that could cause the forward-looking information in this news release to change or to be inaccurate include, but are not limited to, the risk that any of the assumptions referred to prove not to be valid or reliable, that occurrences such as those referred to above are realized and result in delays, or cessation in planned work, that the Company's financial condition and development plans change, and delays in regulatory approval, as well as the other risks and uncertainties applicable to the Company as set forth in the Company's continuous

disclosure filings filed under the Company's profile at www.sedar.com. The Company undertakes no obligation to update these forward-looking statements, other than as required by applicable law.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
