Lake Way Transaction

The Lake Way Transaction¹ with Salt Lake Potash Limited (ASX:SO4) ("Salt Lake Potash") has completed, with Blackham receiving \$7 million cash, which is in addition to the \$3 million deposit that was received from Salt Lake Potash in July 2019. Pre-production activities have already commenced at the Williamson open pit in advance of ore production in November 2019, with Williamson then providing the baseload of Blackham's free milling ore for the remainder of FY2020.

Blackham's Executive Chairman, Mr Milan Jerkovic, stated "Completion of the Lake Way Transaction is an important milestone for Blackham, contributing to a strengthened balance sheet as Blackham continues to improve operational performance and achieve ongoing cost reductions to improve operational cash flow".
