05.11.2019 | [CNW](#)

TORONTO, Nov. 5, 2019 - [Barkerville Gold Mines Ltd.](#) (TSXV: BGM) ("Barkerville" or the "Company") is pleased to announce that Institutional Shareholder Services Inc., ("ISS") and Glass Lewis and Co., LLC ("Glass Lewis"), both independent proxy advisory firms that provide voting recommendations for institutional investors, have recommended that shareholders vote FOR the Arrangement Resolution in connection with the proposed plan of arrangement (the "Transaction") whereby Osisko Gold Royalties Ltd. ("Osisko") will acquire all of the issued and outstanding shares of Barkerville that it does not already own.

Under the terms of the Arrangement, each shareholder of Barkerville (excluding Osisko) will receive 0.0357 (the "Exchange Ratio") of a common share of Osisko for each share of Barkerville held. The Exchange Ratio implies consideration of C\$0.58 per Barkerville share, based on the closing price of Osisko shares on the Toronto Stock Exchange (TSX) on September 20, 2019, representing a 44% premium based on both companies' trailing 20-day volume weighted average price (VWAP) as at September 20, 2019. The Exchange Ratio implies a total equity value of approximately C\$338 million on a fully-diluted in the money basis, inclusive of Barkerville shares held by Osisko.

Upon completion of the transaction, current Osisko and Barkerville shareholders will hold approximately 91% and 9% of Osisko shares outstanding, respectively.

The special meeting of Barkerville shareholders to consider the Transaction will be held on November 15, 2019 at the offices of Fasken Martineau DuMoulin LLP, 333 Bay Street, 24th Floor, Toronto, Ontario M5H 2T6. Barkerville's special meeting will commence at 9:30 a.m. (Eastern time). Shareholders of record as of the close of business on October 15, 2019 will be eligible to vote at the special meeting.

Favourable ISS and Glass Lewis Recommendations

Both ISS and Glass Lewis, refer to the strategic rationale for the Transaction, the significant premium, the ability of Barkerville shareholders to participate in the potential upside of the Cariboo Project through ownership of Osisko shares and favourable market reaction as factors supporting their FOR recommendations.
