

Great Panther Mining Ltd. Reports Fatal Accident at its San Ignacio Mine in Mexico

09.11.2019 | [CNW](#)

VANCOUVER, Nov. 8, 2019 - [Great Panther Mining Ltd.](#) (NYSE American: GPL; TSX: GPR) ("Great Panther", the "Company") deeply regrets to report that a fatal accident involving a contractor's employee occurred in the afternoon of November 8, 2019 due to an isolated rock fall at the San Ignacio underground mine (the "San Ignacio Mine"), which forms part of the Guanajuato Mine Complex in Mexico.

The employee's family and appropriate government and local authorities have been notified and an investigation into the accident has been initiated to determine the cause. Operations at the area of the accident have been temporarily suspended. While the area where the accident occurred has been closed for investigation, the rest of the San Ignacio Mine producing areas remain unaffected.

"We are deeply saddened by the loss of one of our colleagues and our thoughts and prayers are with his family and friends," stated Jeffrey Mason, Interim President and CEO. "We will commit all available resources to determine the cause of this accident so that we can work to prevent such a tragedy from occurring again. Any necessary steps to prevent the recurrence of such accidents will be taken immediately."

Great Panther is committed to providing a safe work environment by eliminating or minimizing identified safety and health hazards. Consequently, safety procedures are being reviewed and reinforced to ensure safety remains the top priority across all operations.
