("CFC") in connection with the Company's plan to spin off its Marmato Mining Assets in a reverse takeover transaction (the "RTO Transaction") with [Bluenose Gold Corp.](#) ("Bluenose"). On closing of the Offering, CFC issued a total of 3,292,500 Subscription Receipts at a price of CA\$2.00 per Subscription Receipt (the "Issue Price") for gross proceeds of CA\$6,585,000. The brokered portion of the Offering was completed by a syndicate, led by Scotiabank, as sole bookrunner, and including Red Cloud Securities (together, the "Agents").

Gran Colombia is also pleased to announce that in connection with the RTO Transaction, the Company, CFC, Caldas Holding Corp., Bluenose and a wholly-owned subsidiary of Bluenose entered into an amalgamation agreement, effective as of December 13, 2019. Pursuant to the amalgamation agreement, Gran Colombia intends to purchase up to CA\$15 million of units at the Issue Price in a non-brokered private placement with CFC immediately prior to the closing of the RTO Transaction.

Commenting on the closing of the Offering, Serafino Iacono, Executive Chairman of Gran Colombia, stated, "We are very pleased to reach this milestone in the spin-out of our Marmato Mining Assets. With the total expected proceeds from the Offering and the Gran Colombia private placement of approximately CA\$21.6 million, the new Caldas Gold will be well capitalized following the expected completion of the RTO Transaction in early 2020 to take the Marmato Project forward as it continues drilling the Deep Zone mineralization and completes the prefeasibility study in the first half of 2020."

Each Subscription Receipt entitles the holder thereof to receive, upon satisfaction of certain escrow release conditions (the "Escrow Release Conditions") on or before February 28, 2020 (the "Escrow Release Deadline"), and without payment of additional consideration therefor, one common share in the capital of CFC (each, a "Common Share"), subject to standard adjustment provisions, and one Common Share purchase warrant (each, a "Warrant"). Each Warrant shall be exercisable to acquire one Common Share, subject to standard adjustment provisions, at a price of CA\$3.00 per Common Share for a period of five (5) years following the closing of the Offering. Upon closing of the RTO Transaction, and in accordance with the amalgamation agreement, the Common Shares and Warrants will automatically be exchanged, without payment of additional consideration therefor, for common shares (the "Resulting Issuer Shares") in the capital of the Resulting Issuer (as hereinafter defined) and common share purchase warrants (the "Resulting Issuer Warrants") of the Resulting Issuer. Each Resulting Issuer Warrant shall be exercisable to acquire one Resulting Issuer Share, subject to standard adjustment provisions, at a price of CA\$3.00 per Resulting Issuer Share for a period of five (5) years following the closing of the RTO Transaction. Upon completion of the RTO Transaction, each Broker Warrant will be exchanged for warrants of the Resulting Issuer (the "Resulting Issuer Broker Warrants") exercisable to purchase units of the Resulting Issuer (each, a "Resulting Issuer Broker Unit") at a purchase price equal to the Issue Price until the date that is three (3) years following the closing date of the RTO Transaction. Each Resulting Issuer Broker Unit shall be comprised of one Resulting Issuer Share and one Resulting Issuer Warrant, with each Resulting Issuer Warrant being exercisable for one Resulting Issuer Share at an exercise price of CA\$3.00 until the date that is five (5) years following the closing date of the

RTO Transaction.

The gross proceeds of the Offering, less 50% of the Agents' Commission and the expenses of the Agents (the "Escrowed Proceeds"), have been placed in escrow pending satisfaction of the Escrow Release Conditions, which include the satisfaction of all conditions precedent to the completion of the RTO Transaction and the receipt of all required regulatory and third party approvals to the RTO Transaction. Provided that the Escrow Release Conditions have been satisfied on or prior to the Escrow Release Deadline, the Escrowed Proceeds (and accrued interest less the balance of the Agents' Commission and additional expenses payable to the Agents) will be released to the Resulting Issuer. The net proceeds of the Offering are expected to be used by the Resulting Issuer to fund technical work at Marmato, including the preparation of a prefeasibility study, and further exploration drilling, as well as for general corporate purposes.
