

Suncor Energy declares increased dividend and announces additional share repurchase program

06.02.2020 | [GlobeNewswire](#)

CALGARY, Feb. 05, 2020 - Suncor Energy's Board of Directors has approved a quarterly dividend of \$0.465 per share on its common shares, payable March 25, 2020 to shareholders of record at the close of business on March 4, 2020. This dividend represents an approximate 11% increase over the prior quarter and marks 18 years of consecutive annualized dividend increases.

The dividend increase is supported by sustainable, structural improvements to free funds flow through sustained asset reliability, debottlenecks, cost reductions, margin improvement projects, and technological advancements.

In addition, the current \$2.5 billion share repurchase program will expire at the end of February. As a result and based on expectations of sustainable future cash flow, Suncor's Board of Directors has approved a renewal of its share repurchase program of up to \$2 billion beginning March 1, 2020.

Legal Advisory & Forward-Looking Information

This news release contains certain forward-looking information and forward-looking statements (collectively referred to herein as "forward-looking statements") within the meaning of applicable Canadian and U.S. securities laws. Forward-looking statements in this news release include references to: the sustainability of free funds flow improvements, the expectation that the current \$2.5 billion share repurchase program will expire at the end of February, the expectation of sustainable future cash flow, and the additional share repurchase program of up to \$2 billion. Forward-looking statements may be identified by words like "expect", "will", "future" and similar expressions.

Forward-looking statements are based on Suncor's current expectations, estimates, projections and assumptions that were made by the company in light of its information available at the time the statement was made and consider Suncor's experience and its perception of historical trends, including expectations and assumptions concerning: the accuracy of reserves and resources estimates; commodity prices and interest and foreign exchange rates; the performance of assets and equipment; capital efficiencies and cost savings; applicable laws and government policies; future production rates; the sufficiency of budgeted capital expenditures in carrying out planned activities; the availability and cost of labour, services and infrastructure; the satisfaction by third parties of their obligations to Suncor; the execution of projects; and the receipt, in a timely manner, of regulatory and third-party approvals.
