About Emgold Mining Corporation:

Emgold is a junior gold and base metal exploration company focused on Nevada and Quebec, the #1 and #4 jurisdictions for mining investment according to the Fraser Institute's Annual Survey of Mining Companies, 2018. The Company's strategy is to look for quality acquisitions, add value to these assets through exploration, and monetize them through sale, joint ventures, option, royalty, and other transactions to create value for our shareholders. Our Nevada properties, owned or under option, include Golden Arrow, New York Canyon, Mindora, Buckskin Rawhide East, Buckskin Rawhide West, and Koegel Rawhide. Our Quebec properties, owned or under option, include Casa South and a 50% interest in the East-West Property (with option to increase ownership to 55%).

The Casa South Property is adjacent to Hecla Mining Corporation's (NYSE:HL) operating Casa Berardi Mine. Buckskin Rawhide East is an inlying property to Rawhide Mining LLC's operating Rawhide Mine. East-West is adjacent to and on strike with Wesdome Gold Mine Ltd.'s (TSE:WDO) Kiena Complex (past producing Kiena Mine) and Osisko Mining Corporation's (TSE:OSK) Marban Block (past producing Marban, Norlartic, and Kierrans Mines). Note that the location of Emgold's properties adjacent to producing or past producing mines does not guarantee exploration success at Emgold's properties. Emgold also has a strategic share investment in Troilus Gold Corporation (TSE:TLG) which is advancing the Troilus Gold Project in Quebec.
