

Univar Solutions Brings on Hydrofluorosilicic Acid in Water Treatment from Mosaic

02.03.2020 | [PR Newswire](#)

DOWNERS GROVE, March 2, 2020 - Univar Solutions Inc. (NYSE: UNVR), a global chemical and ingredient distributor and provider of value-added services, announced today that in late 2019 it purchased certain assets of [The Mosaic Company](#)'s hydrofluorosilicic acid (HFS) business.

Univar Solutions is a leading supplier to the water treatment market, including the U.S. municipal market, with a comprehensive range of chemical products for use at all stages of water treatment. Under the terms of the arrangement, Univar Solutions has assumed certain of Mosaic's customer contracts, rail, and supply chain agreements expanding and strengthening its capabilities to serve municipal drinking water plants. Univar Solutions is working with other producers of HFS to ensure high quality and reliable HFS supply.

"We're excited to build onto our already robust HFS business and market-leading water treatment capabilities. With the addition of these new capabilities, we are well-positioned to help customers and suppliers solve their complex water treatment issues," said Brian Jurcak, vice president of product management in the USA for Univar Solutions. "By investing in our water treatment business and relying on the expertise of our experienced team, we can help drive sustainable, next-generation solutions for our customers across the U.S."

Univar Solutions' dedicated water treatment team, led by known industry expert John Fulcher, offers technical assistance, on-site evaluations and specialized market expertise to address complex water treatment requirements. For more information visit www.univarsolutions.com.
