Vancouver, March 13, 2020 - [Ely Gold Royalties Inc.](#) (TSXV: ELY) (OTCQB: ELYGF) (FSE: A2JSL0) ("Ely Gold" or the "Company") is pleased to announce that it has closed its purchase of a 15% net profit interest ("NPI") from Liberty Gold Corp. ("Liberty Gold") and its subsidiary Pilot Gold USA Inc., ("Pilot Gold", and together with Liberty Gold, the "Seller"), announced on December 18, 2019 (the "Transaction").

The principal entitlement under the NPI is the right to 15% of the net profits from the recovery and sale of minerals from certain unpatented mining claims located in Mineral County, Nevada, USA (commonly referred to as the Regent Hill Property). The interest also includes the possibility of bonus payments for each AuEq oz. (consisting of any of gold, silver, platinum and palladium metals), if any, from the Regent Hill Property placed on leach pads after the first 115,000 AuEq oz. Quarterly bonus payments per AuEq ounce will be based on a pricing grid providing for payments coming into effect when the monthly average gold price per ounce for each applicable quarter are US\$1,400 or more, commencing at US\$5.775 per AuEq ounce and increasing to as much as US\$29.05 per AuEq ounce if the monthly average exceeds US\$1,800 per ounce.

Under the terms of the Transaction, Ely Gold paid cash consideration of US\$800,000 and issued 2,000,000 share purchase warrants to the Seller. Each warrant entitles the Seller to purchase one common share of Ely Gold for a period of two years at an exercise price of CAD\$0.43.

The Seller is at arm's length to the Company (and its affiliate Nevada Select Royalty Inc.). No finder's fees, broker's fees and/or commissions were paid in connection with the Transaction. All securities issued and issuable in connection with the Transaction will be subject to a hold period expiring June 19, 2020.
