About Champion Iron Limited

The Company, through its subsidiary Québec Iron Ore Inc., owns and operates the Bloom Lake Mining Complex, located on the south end of the Labrador Trough, approximately 13 km north of Fermont, Québec, adjacent to established iron ore producers. Bloom Lake is an open-pit truck and shovel operation, with a concentrator, and it ships iron concentrate from the site by rail, initially on the Bloom Lake Railway, to a ship loading port in Sept-Îles, Québec.

The Company acquired the Bloom Lake assets from bankruptcy protection in April 2016 and following the release of a feasibility study on February 16, 2017, the Company recommissioned Bloom Lake in February 2018, and completed its first shipment of iron ore on April 1, 2018. In June 2019, the Company released the findings of a feasibility study for the Phase II expansion which envisions doubling Bloom Lake's overall capacity from 7.4 Mtpa to 15 Mtpa. On August 16, 2019, the Company acquired Ressources Québec's 36.8% equity interest in Québec Iron Ore Inc. and now owns 100% of Québec Iron Ore Inc., which owns and operates Bloom Lake.
