

Dakota Territory Resource Corp Announces Acquisition of West Corridor Gold Property

18.05.2020 | [GlobeNewswire](#)

Reno, May 18, 2020 - [Dakota Territory Resource Corp.](#) (OTCQB: DTRC) ("Dakota Territory" or the "Company"), is pleased to announce that the Company has increased its land holdings in the Black Hills through the staking of 70 unpatented lode mining claims covering approximately 1,120 acres located on the western margin of the structural corridor that extends north of the Homestake Gold Mine. The West Corridor property is located just south of the mineral property Dakota Territory acquired from Deadbroke Mining Company in the Maitland Area in March of 2014, just north of the producing Wharf Mine (Coeur Mining) and just to the south and east of the former Richmond Hill Mine (Barrick Gold). We believe that the Property is a target for both Homestake Iron Formation hosted gold mineralization under the cover of younger sedimentary and igneous rocks that also host tertiary-aged replacement gold and silver mineralization in the area.

Dakota Territory now controls approximately 8,246 acres of brownfields mineral property in Homestake District of the Black Hills of South Dakota. The Company is committed to strategically expanding its dominant land package in the District as we believe interest will grow for gold exploration projects located in safe, low cost jurisdictions of the United States with a history of large-scale gold production.
