

Bond Resources Resumes Trading

19.05.2020 | [Newsfile](#)

Vancouver, May 19, 2020 - [Bond Resources Inc.](#) (CSE: BJB) (the "Company" or "Bond") announces that the Company's common shares will resume trading on the Canadian Securities Exchange ("CSE") on May 20, 2020.

The resumption of trading follows regulatory acceptance of the Company's Share Exchange Agreement with MJ Mining Inc., a private Canadian company whose wholly-owned US subsidiary holds the contractual rights to acquire the Mary K Property in Idaho, USA (the "Property").

Bond issued 62,200,000 shares to the shareholders of MJ Mining to acquire the rights to the Property. In conjunction with the acquisition, the Company closed its non-brokered private placement (the "Financing"), raising \$1,746,210 in gross proceeds through the issuance of 8,731,050 units (the "Units") at a price of \$0.20 per Unit. Each Unit is comprised of one common share and one-half of one common share purchase warrant (a "Warrant"), with each whole Warrant entitling the holder to purchase one common share (a "Share") of the Company at a price of \$0.40 per Share for a period of two years following the closing date, subject to an accelerated expiry if the closing price of the Shares is equal to or greater than \$0.60 per Share for 20 consecutive trading days at any time following four months after the date of closing.

The Company will use the proceeds from the Financing toward making initial payments to the underlying property owners, and initiating the recommended work program on the Property and costs associated with closing the transaction.

The Company has filed a 43-101 compliant technical report on the Mark K Property. A copy of "Gold Exploration at the Mary K Prospect, Elk City District, Idaho County, Idaho, USA" dated March 12, 2020, prepared by Richard C. Capps, Ph.D. of Capps geoscience, LLC has been posted on SEDAR and the CSE website.

For complete details on the acquisition and related financial statements, please see the Company's Listing Statement as filed on SEDAR and the CSE website.

About Bond Resources: Bond Resources is a mineral resource company that holds the contractual rights to acquire the Mary K mine in the Elk City mining district of Idaho. The Company will focus on near-term production and rediscovery at the high-grade historic mine. Led by industry veterans and located in the mining friendly jurisdiction of Idaho, USA, Bond Resources combines the technical expertise of industry experts and a transparent communications model to increase shareholder value.
