

Fireweed Provides AGM Details

21.05.2020 | [GlobeNewswire](#)

VANCOUVER, May 21, 2020 - [Fireweed Zinc Ltd.](#) (TSXV: FWZ) provides details for participation in its virtual Annual General Meeting scheduled for May 28, 2020 at 10:00am.

Due to the COVID-19 restrictions on public gatherings and in the best interest of the health of all participants in the Company's AGM, the Company is holding the meeting on a virtual platform as noted in the Notice of Annual General Meeting issued April 27, 2020 and posted on [www.sedar.com](#). The Company requests that shareholders who wish to participate in the AGM, contact the Company by May 26, 2020 at [info@fireweedzinc.com](#) to be included in the teleconference for the meeting. The Company will arrange for teleconference participation for all shareholders who have requested it by May 26, 2020. However, the Company strongly recommends that shareholders vote by Proxy or VIF in advance to ease the voting tabulation at the meeting by Computershare Investor Services Inc. who will serve as scrutineer at the meeting.

About Fireweed Zinc Ltd. (TSXV: FWZ): Fireweed Zinc is a public mineral exploration company focused on zinc and managed by a veteran team of mining industry professionals. The Company is advancing its district-scale 544 km² Macmillan Pass Project in Yukon, Canada, which is host to the 100% owned Tom and Jason zinc-lead-silver deposits with current large Mineral Resources and a PEA economic study (see Fireweed news releases dated January 10, 2018, and May 23, 2018, respectively, and reports filed on [www.sedar.com](#) for details) as well as the Boundary Zone, Tom North Zone and End Zone which have significant zinc-lead-silver mineralization drilled but not yet classified as mineral resources. The project also includes option agreements on large blocks of adjacent claims (MAC, MC, MP, Jerry, BR and NS) which cover exploration targets in the district where previous and recent work identified zinc, lead and silver prospects, and geophysical and geochemical anomalies in prospective host geology.

Additional information about Fireweed Zinc and its Macmillan Pass Zinc Project including maps and drill sections can be found on the Company's website at [www.FireweedZinc.com](#) and at [www.sedar.com](#).
