- Continued international expansion: certification process in Romania completed, new business entity in Oman

Vienna, June 3, 2020

In 2019, the production performance of the operating subsidiaries of <u>Petro Welt Technologies AG</u> with respect to reven Russian OFS market for top oil-producing clients was stronger than a year earlier. However, state-owned oil companies to put pressure on prices for oilfield services, especially in fracturing.

In the Drilling, Sidetracking, and Integrated Project Management (IPM) segment, the number of drilled wells at <u>Petro W Technologies AG</u> rose by 22.0% to 266 in 2019, up from 218 in 2018. The total number of service jobs in fracturing and services in the Well Services and Stimulation segment, which comprises KATKoneft and PeWeTe Kazakhstan, decline from 4,909 in 2018 to 4,486 in 2019.

Thanks to the strong operating performance of the Drilling, Sidetracking, and Integrated Project Management (IPM) sequence in the Group reporting currency (the euro) rose by 8.1% to EUR 298.4 million in 2019, up from EUR 276.0 milliprevious year. As a result, this segment contributed half of total revenue for the first time in its history.

The Group's administrative expenses declined by 4.0% to EUR 23.9 million in 2019, down from EUR 24.9 million in 2019 lower consulting fees and rental expenses. However, the need to write down receivables raised the other operating expenses turn pushing EBIT down by 31.5% to EUR 7.6 million (2018: EUR 11.1 million).

The positive effect of the improved financial result in 2019 (up by 21.4% to EUR 5.1 million compared to the previous y the Group to show a profit before tax of EUR 12.7 million in 2019, down by 17.0% from EUR 15.3 million in 2018. Durin reporting period, the EBITDA margin declined to 15.3%, down from 19.0% in the previous year.

In addition to the decrease in the profit before tax, several other factors affected the operating cash flow in 2019 as well year over year. Working capital continued to deteriorate, from minus EUR 1.4 million in 2018 to minus EUR 1.6 million operating cash flow thus decreased by 13.8% to EUR 36.1 million in 2019, down from EUR 41.9 million in 2018.

Due to increases in both non-current assets and current assets, total assets rose by 18.6% to EUR 452.7 million as of I 31, 2019, compared to the close of 2018. Equity increased by 23.8%, from EUR 205.4 million in 2018 to EUR 254.3 million growth is mainly due to the improvement of 19.7% in the currency translation reserve, from minus EUR 218.5 million to minus EUR 175.5 million in 2019.

The current liabilities of Petro Welt Technologies AG jumped by 31.2% as of December 31, 2019, while its non-current rose slightly by 3.8% due to the extension of the loan from Petro Welt Holding (Cyprus) Limited.

As of December 31, 2019, total net debt was EUR 24.2 million, which corresponds to a net debt-to-EBITDA ratio of 53.

substantially lower than the threshold of two times which is generally considered the risky level by rating agencies.

Debt restructuring measures improved PeWeTe's financial sustainability

In September 2019, PeWeTe strengthened its financial structure by extending the term of the loan from Petro Welt Hol (Cyprus) to December 31, 2023, and by lowering the interest rate to 3.41% above the 6-month EURIBOR rate. PeWeT ratio rose from 53.8% at the end of 2018 to 56.2% at the end of 2019. As a result, the Company's net debt-to-equity rat from 13% on December 31, 2018, to 9.6% on December 31, 2019.

International expansion continued: certification process completed in Romania ...

By establishing a business entity in Romania in 2018, the Group had made a significant step toward strategic diversifications the important European market from an EU member state. Having obtained all necessary certifications in Romania PeWeTe started its operational activities in Romania in the first quarter of 2020.

... and establishment of a new business entity in Oman

The most recent step in PeWeTe's expansion followed on August 5, 2019, when it finalized the registration of its new lobusiness entity, PeWeTe EVO SERVICES LLC, in Muscat, Oman. With its international footprint, the Group is well poshighly competitive OFS market.

Outlook for 2020

Against the background of a weakening economy due to COVID-19 and production cuts agreed by OPEC+, the Comparanagement expects Group revenue, as expressed in euros, to be between EUR 278 million and EUR 285 million in 2 hopes to achieve an EBITDA margin between 16% and 16.5%. This forecast does not take into account potential exter economic shocks.
