

Marksman Energy Announces Q1 2020 Filings on SEDAR and Operational Update

19.06.2020 | [GlobeNewswire](#)

CALGARY, June 18, 2020 - [Marksman Energy Inc.](#) (TSXV: MAH) (OTCQB: MKSEF) (“Marksman” or the “Company”) announces that it has filed disclosure documents for the three months ended March 31, 2020 on SEDAR as listed below:

- Unaudited Financial Statements
- Management’s Discussion and Analysis
- CEO certificate of interim filings
- CFO certificate of interim filings

These documents can be found in Marksman’s disclosure documents on the SEDAR website at www.sedar.com.

Operational Update

Marksman has a Joint Operating Agreement with PEP Drilling LLC of Ohio, to recomplete up to 40 wells where the Clinton Sandstone was bypassed when the wells were drilled a number of years ago that targeted a much deeper horizon. These wells are located in Portage County, Ohio with good access roads and come complete with a full complement of surface and downhole equipment.

Marksman is pleased to announce that the first Clinton Sandstone recomplete bypass well was perforated on May 26, 2020 and hydraulic fractured on May 28. As of June 12, 2020, the well is now in the production testing phase and preliminary flow rates for both oil and natural gas continue to be very positive. Work is continuing to increase pumping rates, add an additional production tank, and generally fine tune production operations. An initial production rate will be announced as soon as possible.
