About Newcore Gold

The new name reflects a turning point and a renewed commitment to realizing the value of the Company's 100% owned Enchi Project by advancing the current 1.1 million ounce inferred¹ gold resource (37.4 million tonnes grading 0.90 g/t Au) located in Ghana, Africa's largest gold producer. Newcore Gold offers investors a unique combination of top-tier leadership, who are aligned with shareholders through their 39% ownership, and prime district scale exploration opportunities. Enchi's 216 square kilometre land package covers 40 kilometres of Ghana's prolific Bibiani Shear Zone, a gold belt which hosts several 5 million-ounce gold deposits, including Kinross' Chirano mine 50 kilometers to the north. Newcore's vision is to build a responsive, creative and powerful gold enterprise that maximizes returns for shareholders.
