

SRHI Inc. Provides Update on MTV's Creditor Protection Process in Chile

21.08.2020 | [GlobeNewswire](#)

TORONTO, Aug. 21, 2020 - [SRHI Inc.](#) (the "Company" or "SRHI") (TSX: SRHI, SRHI.WT) provides the following update of the ongoing creditor protection process and proposed restructuring plan for Minera Tres Valles SpA ("MTV"), the Company's 70% owned producing copper mine in Salamanca, Chile.

In May 2020, MTV filed a Judicial Restructuring Procedure ("JRP") in Chile providing MTV protection from creditors to give itself sufficient time to complete its refinancing efforts to allow for the completion of the construction of its underground mine.

Over the past 3 months, MTV and the Company have conducted constructive negotiations with MTV's senior lenders ("Lenders"), Vecchiola S.A. ("Vecchiola", a related party to MTV's 30% minority shareholder) and other unsecured creditors.

Although no formal agreement has yet been entered into, the Company, the Lenders and Vecchiola (together, the "Parties") have negotiated a framework to support MTV's future operations including the construction of the Papomono Masivo incline block caving underground mining project. Subject to a successful reorganization process to be voted on by all creditors of MTV and the necessary internal approvals of the Parties, it is expected that the Lenders, Vecchiola and the Company will provide the following additional debt financing to MTV:

[SRHI Inc.](#)

- Up to \$10 million secured second ranking debt to be financed from the Company's cash resources (the "SRHI New Loan")
- Drawn down by MTV over the next 12 months
- Subordinated to the Lenders' existing and new financing amounts
- Expected payback beginning 2025
- Fulfills (and will reduce, pro-rata) the Company's \$10 million corporate guarantee provided under the facility agreement (the "Facility Agreement") entered into between the Lenders, MTV and the Company in December 2019

Vecchiola

- Conversion to subordinated long-term debt, of 75% of amounts owed by MTV to Vecchiola, to be repaid only after all other amounts due to unsecured creditors are fully repaid.

Lenders

- Release of \$7 million cash, currently restricted by the Lenders pursuant to the Facility Agreement, to support MTV's operations - \$2 million has already been released to support MTV during the reorganization process
- Extension of the maturity by 12 months to December 2024
- Extension of the commencement for principal repayments by 12 months to begin March 31, 2022
- Extension by 18 months of the requirement to pay 50% of interest
- Up to \$6 million of new senior debt ("New Senior Debt") to have substantially the same security and terms as currently contemplated in the Facility Agreement (with some amendments)
- The New Senior Debt is to be made available to MTV, if needed, after SRHI has fully advanced the SRHI New Loan

In addition, MTV and the offtake provider are in agreement that certain amendments to the offtake

agreement are expected to be implemented resulting in the (i) acceleration of payment terms for the receipt of cash by MTV and (ii) increases to the fixed price portion originally agreed to in the offtake agreement from 25% to 40%.

The Company expects that a judicial reorganization agreement implementing the proposed reorganization of MTV will be voted on by MTV's creditors in late August or early September.
