

Pipestone Energy Corp. Announces Unplanned Outage at the Keyera Wapiti Gas Plant

25.08.2020 | [GlobeNewswire](#)

CALGARY, Aug. 25, 2020 - (PIPE #8211; TSX-V) [Pipestone Energy Corp.](#) (#8220;Pipestone Energy#8221; or the #8220;Company#8221;) was notified by Keyera Corp. (#8220;Keyera#8221;) on August 17, 2020 of an issue relating to the Waste Heat Recovery System within the Keyera Wapiti Gas Plant (#8220;Keyera Plant#8221;). This failure has resulted in an unplanned outage. After performing an inspection of the affected equipment, Keyera expects the repairs to be completed and the Keyera Plant to resume operations by the end of next week. During this outage, both Pipestone Energy and Keyera are performing maintenance and installation activities that would have resulted in planned downtime during late Q3 and early Q4 2020. Based on the net expected outage duration, the Company is reaffirming its 2020 annual production and cash flow guidance released on August 5, 2020 of 16,000 to 17,000 boe/d and \$40 million at the midpoint, respectively. If the Company receives information that materially changes the expected timeline to repair the Keyera Plant, Pipestone Energy will provide a further update to the market.

Advisory Regarding Forward-Looking Statements

This news release contains certain information and statements (#8220;forward-looking statements#8221;) that constitute forward-looking information within the meaning of applicable Canadian securities laws. Forward-looking statements relate to future results or events, are based upon internal plans, intentions, expectations and beliefs, and are subject to risks and uncertainties that may cause actual results or events to differ materially from those indicated or suggested therein. All statements other than statements of current or historical fact constitute forward-looking statements. Forward-looking statements are typically, but not always, identified by words such as #8220;anticipate#8221;, #8220;estimate#8221;, #8220;expect#8221;, #8220;intend#8221;, #8220;forecast#8221;, #8220;continue#8221;, #8220;propose#8221;, #8220;may#8221;, #8220;will#8221;, #8220;should#8221;, #8220;believe#8221;, #8220;plan#8221;, #8220;target#8221;, #8220;objective#8221;, #8220;project#8221;, #8220;potential#8221; and similar or other expressions indicating or suggesting future results or events.

Forward-looking statements are not promises of future outcomes. There is no assurance that the results or events indicated or suggested by the forward-looking statements, or the plans, intentions, expectations or

beliefs contained therein or upon which they are based, are correct or will in fact occur or be realized (or if they do, what benefits Pipestone Energy may derive therefrom). In particular, but without limiting the foregoing, this news release contains forward-looking statements pertaining to: timing for resumption of operations of the Keyera Plant and reaffirmation of Pipestone Energy's 2020 annual guidance released on August 5, 2020.

The forward-looking statements contained herein reflect management's current views, but the assessments and assumptions upon which they are based may prove to be incorrect. Although Pipestone Energy believes that its underlying assessments and assumptions are reasonable based on currently available information, undue reliance should not be placed on forward-looking statements, which are inherently uncertain, depend upon the accuracy of such assessments and assumptions, and are subject to known and unknown risks, uncertainties and other factors, both general and specific, many of which are beyond Pipestone Energy's control, that may cause actual results or events to differ materially from those indicated or suggested in the forward-looking statements. Such risks and uncertainties include, but are not limited to, volatility in market prices and demand for oil, NGLs and natural gas and hedging activities related thereto; the ability to successfully integrate Blackbird's and Pipestone Oil's historical businesses and operations; general economic, business and industry conditions; variance of Pipestone Energy's actual capital costs, operating costs and economic returns from those anticipated; the ability to find, develop or acquire additional reserves and the availability of the capital or financing necessary to do so on satisfactory terms; and risks related to the exploration, development and production of oil and natural gas reserves and resources. Additional risks, uncertainties and other factors are discussed in the MD&A for the period ended March 31, 2020 and in Pipestone Energy's annual information form dated March 17, 2020, copies of which are available electronically on Pipestone Energy's SEDAR at www.sedar.com.

The forward-looking statements contained in this news release are made as of the date hereof and Pipestone Energy assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, unless required by applicable securities laws. All forward-looking statements herein are expressly qualified by this advisory.
