

Yamana Gold Inc. Announces the Appointment of UK Brokers and Provides Update on Listing Process

16.09.2020 | [GlobeNewswire](#)

TORONTO, Sept. 16, 2020 - [Yamana Gold Inc.](#) (TSX:YRI; NYSE:AUY) (Yamana; or the Company;) announces that it continues to advance its London Stock Exchange (LSE;) listing and expects the Company's common shares to be admitted to the standard segment of the Official List and to begin trading on the LSE's Main Market before the Company reports its third quarter results which is expected in late October. Yamana has formally engaged Peel Hunt LLP and Joh. Berenberg Gossler & Co. KG as its nominated United Kingdom (UK;) brokers, both of which have a significant presence in the UK and wider European market, and a fundamental understanding of mining companies and the value proposition that these companies represent. The Company is also evaluating the selection of a third broker, and amongst the factors being considered are the possible benefits of a larger, international broker which still has a significant presence in the UK and wider European market. The appointment of corporate brokers in the UK will provide Yamana with a strong local presence by representatives with knowledge of the Company and mining industry, the objective being to ensure that Yamana becomes the investment of choice; in London for those looking for exposure to gold via an investment in a gold mining company with high-quality assets in the Americas, a strong and sustainable dividend, and proper management of environmental, social, and governance (ESG) matters. The corporate brokers will also provide support to the Company as it endeavours to establish and improve liquidity on the LSE's Main Market, and allow Yamana to expand its share register following access to an enlarged investor base.
