"We are very pleased to close this hard-dollar financing at such a price within a year of acquiring our Delta-1 and Delta-2 properties." says André Tessier, President and CEO of Delta. "We're especially proud of the recognition and support provided to Delta by these four solid Québec-based institutions. We're very grateful

and are looking forward to the upcoming drill campaign".

"We are so pleased with the level of interest in this financing at such an early stage of Delta's development. Initially we had planned to raise 1 Million dollars, however, we had easily surpassed that target within days of our initial announcement on September 2. This is truly a testament to the quality of our properties in Quebec and Ontario, the efficient and methodical development of the Chibougamau, Quebec property whereby we have such a large number of highly prospective drill targets thanks to the tireless work of Andre Tessier and Michel Chapdelaine and the excitement ahead of announcing the details of our first Quebec drill campaign." stated Frank Candido, Chairman of the Board of Delta.

Insiders of the Company subscribed for a total amount of \$53,250 or 152,143 units. Participation by these insiders constitutes a related party transaction as defined under Multilateral Instrument 61-101 - *Protection of Minority Security Holders in Special Transactions* ("MI 61-101"). The issuance of securities to the related parties is exempt from the formal valuation requirements of Section 5.4 of MI 61-101 pursuant to Subsection 5.5(b) of MI 61-101 and exempt from the minority shareholder approval requirements of Section 5.6 of MI 61-101 pursuant to Subsection 5.7(b) of MI 61-101. The Company did not file a material change report 21 days prior to the closing of the Offering as the details of the participation of these insiders of the Company had not been confirmed at that time.

About Delta Resources Limited

[Delta Resources Ltd.](#) is a Canadian mineral exploration company focused on growing shareholder value through the exploration of two very high-potential gold and base-metal projects in Canada.

- DELTA-1, located 50km west of Thunder Bay, Ontario where a 1000m drilling program was completed in Nov. 2019, testing the newly discovered Eureka Gold prospect. Results so far show very wide intercepts of low-grade gold in a km-scale alteration zone.

Delta also owns a 100% interest in the Bellechasse-Timmins gold deposit in SE Quebec, which contains a 43-101 gold resource of 171,000 oz @ 1.83 g/t gold (indicated) and an additional 95,000 oz @ 1.36 g/t gold (inferred). On July 3, 2020, Delta signed an agreement with Yorkton Ventures Inc for the sale of the Bellechasse-Timmins project for \$1.7M payable over 15 months of signing.
