The Company now has shareholder permission to close the second tranche of a private placement with Augusta Investments Inc. of \$1.6 million to bring Augusta's total investment to \$4.6 of the private placement (see NR September 14, 2020). Augusta Investments Inc. is a Canada-US based mining

sector-focused management group led by its founder and Chairman, Richard Warke.

The shareholders also approved the earn-in option agreement with Titan Mining Corporation whereby Titan can earn an 80% joint venture interest on the Company's 100% owned Mineral Ridge gold project located in Esmeralda County, Nevada. To maintain the option Titan must spend a total of US\$35 million over a staged period of five years. If Titan spends the initial US\$7 million of expenditures by January 1, 2022, it will also have the right to acquire a 100% interest by paying Scorpio Gold US\$35 million on or before December 31, 2022 (see NR August 31, 2020).

The earn-in agreement with Titan Mining will deliver an aggressive exploration program to build on the substantial mineral reserve and resource base at Mineral Ridge. The Company's gold extraction operations at Mineral Ridge will continue through to December 31, 2021, ensuring Scorpio Gold's operating team stays intact and can assist Titan where needed.

The proceeds of the private placement will fund an extensive exploration program at the Company's 100% owned Goldwedge property in Nevada. Scorpio Gold is in the process of finalizing the acquisition of the adjacent Kinross Manhattan property. An underground delineation drilling program is in progress at the Goldwedge Mine and planning for surface drilling on high-priority targets over the entire land package is underway.

Scorpio Gold will see the most activity on both of its projects in its history at a time when the gold price is reaching previously seen historic highs. It is expected that the Company will generate a steady news flow ahead; said Brian Lock, CEO.

#### About Scorpio Gold

Scorpio Gold holds a 100% interest in the advanced exploration-stage Goldwedge property in Manhattan, Nevada with a fully permitted underground mine and a 400 ton per day mill facility and a 100% interest of the Manhattan Property situated adjacent and proximal to the Goldwedge property. The Company is in the process of finalizing the acquisition of the adjacent Kinross Manhattan property.

Scorpio Gold is party to an earn-in option agreement with Titan Mining Corporation whereby Titan can earn an 80% joint venture interest on the Company's 100% owned Mineral Ridge gold project located in Esmeralda County, Nevada. To maintain the option Titan must spend a total of US\$35 million over a staged period of five years. If Titan spends the initial US\$7 million of expenditures by January 1, 2022, it will also have the right to acquire a 100% interest by paying Scorpio Gold US\$35 million on or before December 31, 2022. The earn-in option agreement has now been approved by the shareholders of Scorpio Gold.
