Replay pass code: 760898#

Replay expiration: Wednesday, November 4, 2020 11:59 PM EDT / Thursday, November 5, 2020 2:59 PM AEDT

About Champion Iron Limited

The Company, through its subsidiary Quebec Iron Ore Inc., owns and operates the Bloom Lake Mining Complex, located on the south end of the Labrador Trough, approximately 13 km north of Fermont, Québec, adjacent to established iron ore producers. Bloom Lake is an open-pit truck and shovel operation with a concentrator, and it ships iron concentrate from the site by rail, initially on the Bloom Lake Railway, to a ship loading port in Sept-Îles, Québec. The Bloom Lake Phase I plant has a nameplate capacity of 7.4M tpa and produces a high-grade 66.2% Fe iron ore concentrate with low contaminant levels, which has proven to attract a premium to the Platts IODEX 62% Fe iron ore benchmark. In addition to the partially completed Bloom Lake Phase II expansion project, Champion also controls a portfolio of exploration and development projects in the Labrador Trough, including the Fire Lake North iron ore project, located approximately 40 km south of Bloom Lake. The Company sells its iron ore concentrate globally, including customers in China, Japan, the Middle East, Europe, South Korea and India.
