22.10.2020 | [CNW](#)

VANCOUVER, Oct. 22, 2020 - [Itasca Capital Ltd.](#) (TSXV: ICL) ("Itasca" or "Company") is pleased to announce that it has closed its previously announced non-brokered private placement financing (the "Private Placement") of 2,000,000 units (the "Units") at a purchase price of \$0.50 per Unit and of 4,000 convertible debentures (the "Convertible Debentures") at a purchase price of \$1,000 per Convertible Debenture, for aggregate gross proceeds of \$5,000,000. Concurrently with the closing of the Private Placement, each of Mr. Paul Rivett and Rick Doman were appointed to Itasca's Board. The Company has also issued 160,000 stock options ("Stock Options") to certain directors of the Company to purchase up to an aggregate of 160,000 common shares of Itasca (a "Common Share") pursuant to the Company's stock option plan. The Stock Options are exercisable for a period of seven years from the date of grant at an exercise price of \$0.48 per Common Share. All of the Stock Options vested immediately upon being granted. All amounts in this press release are in Canadian dollars unless indicated otherwise.

Each Unit is comprised of one Common Share and one Common Share purchase warrant of Itasca (a "Warrant"). Each Warrant entitles the holder thereof to purchase one Common Share at a purchase price of \$0.60 (increased from the previously announced \$0.535) until the date that is five years after the date that the Warrant is issued. Each Unit is immediately separable into one Common Share and one Warrant upon issuance.

Each Convertible Debenture is secured, and has a maturity date of two years from the date of issuance. The Convertible Debentures bear interest at a rate of 4% per annum until the completion of a Qualified Investment (as defined below) and 2% per annum thereafter; provided that, if the Requisite Approval (as defined below) is not obtained on or before December 31, 2020, the interest rate shall be increased by ten percentage points in each case, to 14% and 12%, respectively. If, prior to the maturity date, Itasca closes an investment in excess of \$25,000,000 (a "Qualified Investment") the principal amount of each Convertible Debenture will, subject to the limitations described below, automatically convert at maturity into Units at a price of \$0.50 per Unit (provided that the term of any Warrant issued in connection therewith will be limited to 5 years from the date of issuance of the Convertible Debenture). Accrued but unpaid interest on the Convertible Debentures will also automatically convert at maturity into Units upon a Qualified Investment in accordance with the policies of the TSX Venture Exchange (the "TSXV") and subject to TSXV approval. Unless and until shareholders of Itasca approve the issuance of the Convertible Debentures in accordance with the policies of the TSXV (the "Requisite Approval"), the Convertible Debentures will only be convertible to the extent that the issuance of the Common Shares issuable on conversion of the Convertible Debentures and exercise of the associated Warrants do not result in the holder thereof holding 20% or more of issued and outstanding Common Shares of Itasca. If the Corporation fails to complete a Qualified Investment prior to the date that is 6 months following the issuance of the Convertible Debenture, the holder thereof may require Itasca to redeem and repurchase the Convertible Debenture for their face amount plus all accrued and unpaid interest.

The securities issued pursuant to the Private Placement will be subject to a statutory hold period, which will expire four months plus a day from the date of issuance.

No finders' fees were paid in connection with the Private Placement.
