Filo Mining to Present at Virtual Town Hall Meeting on Tuesday, November 3, 2020

28.10.2020 | CNW

VANCOUVER, Oct. 28, 2020 - Filo Mining Corp. (TSXV: FIL) (Nasdaq First North Growth Market: FIL) ("Filo Mining", or the "Company") is pleased to announce that Jamie Beck, President and Chief Executive Officer, will be presenting at a Virtual Town Hall on Tuesday, November 3, 2020 at 18:00 CEST / 12:00 EDT. PDF Version

Filo Mining is currently mobilizing crews and equipment to the Filo del Sol project and is on track to resume drilling operations in early November.

The upcoming drill program will follow up on last season's outstanding results, which confirmed that the ultimate size of the mineralized system is far larger than what has been defined to date. Additionally, the system is characterized by the presence of significant zones of high-grade copper, gold and silver mineralization within the overall mineralized envelope. The drilling, surface geological mapping and geophysical surveys completed last year have provided both the knowledge and the encouragement to allow us to continue to effectively test both these concepts.

The program will start with two diamond drills with plans to add two more towards the end of the year. We anticipate the completion of approximately 8,000 metres of drilling, subject to being able to operate safely and effectively in accordance with our COVID-19 protocols.
